

ILLINOIS POLLUTION CONTROL BOARD  
December 16, 1993

IN THE MATTER OF: )  
 )  
QUANTUM CHEMICAL CORPORATION ) AS 93-1  
USI DIVISION. ) (Adjusted Standard)

ORDER OF THE BOARD (by C.A. Manning):

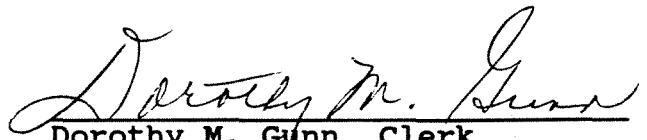

This matter is before the Board pursuant to a motion to stay the instant proceedings filed by the petitioner, Quantum Chemical Corporation, USI Division on November 24, 1993. The motion requests that this adjusted standard proceeding be stayed for 90 days so that Quantum Chemical may confer with counsels from the Environmental Protection Agency to determine whether the matter can be resolved in the context of PCB 93-173, a NPDES permit appeal which is also currently pending before the Board.

Having received no response to the motion from the Agency, we hereby grant the motion to stay until February 17, 1994. Quantum Chemical is directed to file a status report on or before February 1, 1994 indicating the status of any on-going negotiations. If the negotiations result in the parties agreeing to pursue PCB 93-173 rather than AS 93-1, Quantum may instead file a motion to withdraw the petition for an adjusted standard.

Quantum is reminded that with regard to PCB 93-173, wherein Quantum has filed a waiver of the statutory deadline until June, 1994, if that matter is not resolved by the expiration of the stay, in light of Quantum's attempt to incorporate the relief requested under AS 93-1, an additional waiver of the statutory decision deadline should be filed in conjunction with the February status report in AS 93-1. The Board requires 120 days in which to schedule, receive and review the hearing transcript and fully deliberate on the matter. Under such time constraints, the Board will be required to set PCB 93-173 for hearing in February without an additional waiver of the statutory deadline.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 16<sup>th</sup> day of December, 1993, by a vote of 7-0.

  
Dorothy M. Gunn, Clerk  
Illinois Pollution Control Board
