December 1, 1994

IN THE MATTER OF: )  
 )  
QUANTUM CHEMICAL CORPORATION ) AS 93-1  
USI DIVISION ) (Adjusted Standard)

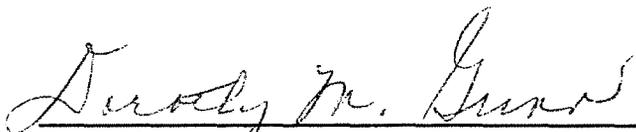

ORDER OF THE BOARD (by C.A. Manning):

This matter is before the Board pursuant to a status report and a motion for stay filed by Quantum Chemical Corporation, USI Division on November 17, 1994. The status report was filed in response to our order of August 11, 1994. The report states that the Illinois Environmental Protection Agency (Agency) has issued for public notice, a proposed NPDES permit which if finally issued in its original format, would resolve the issues pending in this adjusted standard case. To provide sufficient time to complete the public comment period, Quantum requests a 60-day extension of the stay in this matter. Quantum indicates that it will withdraw the petition if the permit is issued prior to the expiration of the stay.

The motion is hereby granted. The stay in this matter shall be extended until February 16, 1995. Quantum is directed to file an additional status report on or before Thursday, February 9, 1995 indicating the status of the permit. If the permit is issued prior to February 9, 1995, Quantum is requested to file the appropriate motion withdrawing the petition.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 1st day of December, 1994, by a vote of 7-0.
