Respondent.)	

ORDER OF THE BOARD (by R.C. Flemal):

On June 3, 1993, the Board ordered the parties to file status reports to be received on or before September 15, 1993. Respondent filed its status report on September 13, 1993. No status report was received from petitioner.

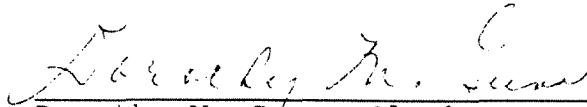

Respondent states that respondent has now provided petitioner with a draft amended closure certification approval letter that includes conditional approval of the soil column leaching test. Earlier status reports indicated that approval of the column leach test would allow the parties to move toward resolving the dispute over soil contamination at certain tanks. The respondent further states that it is awaiting petitioner's response to the draft amended closure certification approval letter. Respondent believes that upon receipt of all necessary approvals and issuance of documents, this matter will be ripe for dismissal.

The parties are ordered to provide written status reports to be received by the Board no later than October 26, 1993. The petitioner is reminded that failure to timely comply with Board orders may subject a party to sanctions pursuant to 35 Ill. Adm. Code 101.280.

IT IS SO ORDERED.

Board Member B. Forcade abstained.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 23rd day of September, 1993, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
