June 2, 1994

IN THE MATTER OF:)
)
PETITION OF THE CITY OF)
LaSALLE FOR EXCEPTION TO THE) PCB 86-2
COMBINED SEWER OVERFLOW) (CSO Exception)
REGULATIONS)

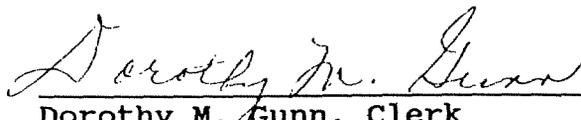

ORDER OF THE BOARD (by G. T. Girard):

This matter is before the Board on the City of LaSalle's amended petition for an exception to the combined sewer overflow regulations. On May 31, 1991, the Illinois Environmental Protection Agency filed a response to the amended petition. On June 11, 1991, petitioner filed a motion to supplement the record which was granted on July 11, 1991.

The Agency's response to the amended petition included a recommendation to grant a temporary exception with several conditions. Those conditions included monitoring and reporting requirements through 1992. At this time the Board is ready to proceed with this docket; however, the Board is asking the petitioner and the Agency to update the most recent filings including any additional monitoring and reporting data from the petitioner. The Board also asks that the Agency specifically address whether the conditions requested in the 1991 response should still be included and to what dates.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, do hereby certify that the above order was adopted on the 2nd day of June, 1994, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
