

ILLINOIS POLLUTION CONTROL BOARD

June 2, 1994

IN THE MATTER OF:)
)
QUANTUM CHEMICAL CORPORATION) AS 93-1
USI DIVISION.) (Adjusted Standard)

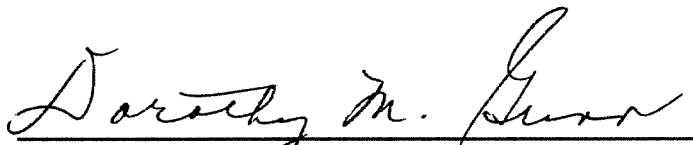

ORDER OF THE BOARD (by C.A. Manning):

This matter is before the Board pursuant to a status report and a motion for stay filed by Quantum Chemical Corporation, USI Division on May 17, 1994. The status report was filed in response to our order of February 17, 1994. The status report indicates negotiations are proceeding in related case PCB 93-173, and a joint status report has been filed that matter. The report further states Quantum and the Illinois Environmental Protection Agency ("Agency") have arrived at a decision-point in their negotiations over resolution of the permit appeal and further time is needed for Quantum to obtain clarification from the Agency on its position regarding the appeal.

The motion for an extension of stay asks for an additional 60 days in which to negotiate with the Agency in order to resolve the permit appeal. Having received no response to the motion from the Agency, we hereby grant the motion to stay until July 17, 1994. Quantum is directed to file an additional status report on or before July 17, 1994, indicating the status of any on-going negotiations. If the negotiations result in the parties agreeing to pursue PCB 93-173 rather than AS 93-1, Quantum may instead file a motion to withdraw the petition for an adjusted standard.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 2nd day of June, 1994, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
