ORDER OF THE BOARD (by J. Theodore Meyer):

This matter is before the Board on a January 18, 1994 status report filed by petitioner Moline/Dutchway Dry Cleaners (Dutchway). Dutchway states that it has retained a consulting engineer to review documents from the Illinois Environmental Protection Agency (Agency), that the engineer recently received a response to his request for Agency documents, and that Dutchway's counsel believes, based on a preliminary review of those documents, that there may be a basis for proceeding with this appeal. Dutchway states that it needs additional time to continue consultations with its engineer and to pursue further negotiations with the Agency.

The Board accepts Dutchway's status report. Dutchway is directed to file an updated status report with the Board no later than April 15, 1994. That report shall include a projection as to the timing of further proceedings before the Board.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 20th day of January, 1994, by a vote of 7-9.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
