ORDER OF THE BOARD (by J. Anderson):

This matter is before the Board on a motion to file a status report instanter filed on May 13, 1993 by Douglas Furniture of California Inc. (Douglas). The motion is hereby granted.

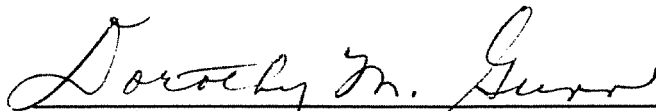

In its status report, Douglas states that on February 9, 1993, it filed a petition for adjusted standard (AS 93-3) with the Board which seeks to resolve a regulatory interpretation dispute which in part pertains to the instant permit appeal. Douglas also states in its status report that the Illinois Environmental Protection Agency has filed a proposal (R93-9) which the Board has sent to first notice which revises the air regulations. Douglas asks the Board to defer action in the permit appeal pending the outcome of AS 93-3. Douglas states that it will file the appropriate decision deadline waivers as necessary to facilitate resolution of this matter.

As the Board does not favor indeterminate stays and because the current decision deadline in this case is December 17, 1993, the Board will grant the stay until August 9, 1993, approximately 120 days before the current due date. At that time the petitioner shall file a status report in this matter and may move for an additional stay if necessary and if the appropriate decision deadline waiver is submitted.

IT IS SO ORDERED.

B. Forcade abstained.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 20th day of May, 1993, by a vote of 5-0.
