ORDER OF THE BOARD (by J. Theodore Meyer):

On November 1, 1993, petitioner Acme Steel Company (Acme) filed a status report in this proceeding. Acme again states that it is investigating the possibility of seeking permanent relief from the standards at issue in these appeals. Acme states that it has prepared a draft petition for adjusted standard and supporting documentation, which has been submitted to the Illinois Environmental Protection Agency (Agency) for review. Acme estimates that it should be prepared to file the petition for adjusted standard with the Board within 30 days. Acme recommends that this matter be stayed for 120 days pending resolution of the adjusted standard petition.

The Board will not stay this proceeding for 120 days pending the outcome of a petition for adjusted standard which has not yet been filed with the Board. Acme is directed to file an updated status report no later than January 15, 1994.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 4th day of November, 1993, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
