v.)	PCB 91-87
)	(Permit Appeal)
ILLINOIS ENVIRONMENTAL)	
PROTECTION AGENCY,)	
)	
Respondent.)	

ORDER OF THE BOARD (by J. C. Marlin):

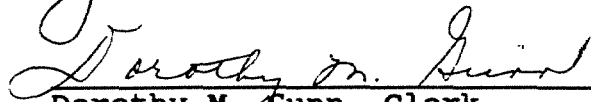

This matter is before the Board as a permit appeal of conditions contained in the Illinois Environmental Protection Agency's modification of closure plans for several of Olin's hazardous waste sites located in East Alton, Illinois. On January 6, 1993, the parties filed a joint status report pursuant to a November 19, 1992 Board order. On January 6, 1993, Olin filed a waiver extending the decision deadline until May 1, 1994.

The joint status report states that the parties conferred by conference call on December 4, 1992. The status report also states that the parties have agreed to postpone final closure of the units subject to this appeal until a RCRA facility investigation which is planned as part of the facility's Part B hazardous waste permit, is implemented. In addition, the parties report that they have planned another conference call for February 2, 1993 in order to further discuss this action. Finally, the parties report that they believe that most of the issues in this appeal may be resolved without a hearing.

The Board hereby orders the parties to file their next status report on or before April 7, 1993.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 7th day of January, 1993, by a vote of 5-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
