ILLINOIS ENVIRONMENTAL)
PROTECTION AGENCY,)
)
Respondent.)

ORDER OF THE BOARD (By J.C. Marlin)

This matter is before the Board on petitioner's amended petition for variance filed August 22, 1991. The amended filing is in response to a Board Order dated July 11, 1991 which identified certain deficiencies in the petitioner's original petition.

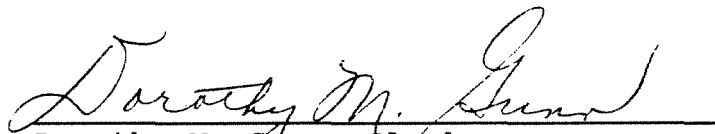

Upon review of the amended petition the Board notes the following additional deficiencies:

1. The leachate testing procedure is not identified.
2. The units of measurement in the test results (Exhibit F) are not given.
3. The terms "Slag I" and "Slag II", etc. are not identified or defined (Exhibit H). (See report Cole Laboratories, Inc. dated June 20, 1985). A description of the samples analyzed in Exhibit H should be supplied.

If an amended petition is not filed within 14 days of the date of today's Order, the petition may be subject to dismissal. The filing of an amended petition will restart the Board's deadline for decision in this matter.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Opinion and Order was adopted on the 21st day of November, 1991 by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
