ORDER OF THE BOARD (by J. Theodore Meyer):

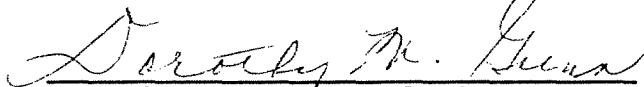

This matter is before the Board on respondent the Village of Hampshire's October 17, 1994 motion to supplement the record on appeal. Petitioner Solvent Systems International, Inc. (Solvent Systems) has not filed a response to the motion.

The Village seeks to supplement the record with a certified copy of its Ordinance 91-1 "An Ordinance to Provide for Reimbursement of Certain Engineering and Attorney's Fees Related to Building, Zoning, Annexation, Subdivision, and Related Matters". The Village states that Solvent Systems has argued that the Village had no ordinance requiring payment of fees in connection with the siting review process. The Village contends that Ordinance 91-1, which was in effect during the siting review process at issue in this case, is such an ordinance. Thus, the Village seeks to add that ordinance to the record, so that it can fully respond to Solvent Systems' argument.

The motion to supplement the record is granted.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 3rd day of November, 1994, by a vote of 6-0.
