 Respondent. )

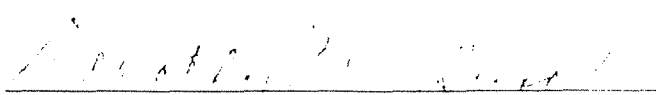

ORDER OF THE BOARD (by C.A. Manning):

On November 4, 1991, Olin Corporation (Olin) and the United States Department of Interior, Fish and Wildlife Service (DOI) filed a petition for hearing to review certain terms and conditions contained in modifications made by the Illinois Environmental Protection Agency (Agency) of a RCRA Part B Permit for the storage of hazardous waste in containers in six magazines located in the southern portion of "Ordill Area 13" of the Crab Orchard National Wildlife Refuge, owned by DOI. On September 20, 1993, pursuant to Board order, the parties filed a joint status report in this proceeding. The parties report that they continue to negotiate the terms and conditions of the Part B Permit related to facility access which are the subject of this appeal. The parties also state that on September 7, 1993, Olin and DOI submitted to the Agency a new settlement proposal. The Agency is currently evaluating its response to the proposal. The parties anticipate that the issues which are the subject of this appeal will be successfully resolved without hearing, and have not commenced discovery in this matter. Finally, the parties state that if an agreement is reached on the terms and conditions which are the subject of the appeal, the Agency will issue a new draft Part B Permit or a modified Part B Permit for the facility, and Olin and DOI will move for dismissal of this appeal.

The parties are ordered to file a status report in this matter on or before December 27, 1993, in the event this appeal has not been dismissed.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 23<sup>rd</sup> day of September, 1993, by a vote of 7-0.

  
Dorothy M. Gunn, Clerk  
Illinois Pollution Control Board
