ORDER OF THE BOARD (by R.C. Flemal):

On February 1, 1993 Southern California Chemical Company (SCCC) filed a petition for review of the Illinois Environmental Protection Agency's modification of its RCRA closure plan. On December 2, 1993 the Board directed the parties to file status reports on or before January 10, 1994. SCCC filed its status report on January 11, 1994. No status report has been received from the Illinois Environmental Protection Agency (Agency). SCCC states that on August 5, 1993 it submitted a comprehensive closure and post-closure plan to the Agency, and requested a meeting with Agency representatives regarding this appeal and the plan. On August 25, 1993 SCCC wrote the Agency and again requested a meeting with Agency representatives. SCCC reports that it has received no response to its inquiries from the Agency.

The Board orders the parties to submit another status report on or before February 14, 1994. Should no response again be received from the Agency, the parties should be prepared to proceed to hearing in this matter.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 20th day of January, 1994, by a vote of 7-0.
