ORDER OF THE BOARD (by C. A. Manning):

This matter is before the Board on an amended petition for review filed by the U.S. Department of Army (Department) on January 19, 1993. The Department had also filed an open waiver from the statutory decision deadline on January 26, 1993. The Department is requesting the Board to review the Illinois Environmental Protection Agency's (Agency) denial of its RCRA Part B permit. On June 23, 1994, we directed the parties to file a status report in this matter on or before July 15, 1994. On July 14, 1994 the Department filed a status report.

The status report filed by the Department indicates that the parties are attempting to resolve this matter without proceeding to hearing. The Department stated it will have filed a closure plan for its hazardous waste storage facility on July 15, 1994. Upon Agency approval, the Department states that it will close its facility and withdraw its RCRA Part B permit. The Agency has not filed a status report.

If a request for withdrawal of this permit appeal is not received on or before September 9, 1994, the parties are directed to file, jointly or individually, a status report on or before that date.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 21st day of July, 1994, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
