 PROTECTION AGENCY,)
)
 Respondent.)

ORDER OF THE BOARD (by J. C. Marlin):

On November 13, 1992, the parties filed a joint status report. The report, due to be filed November 1, 1992, was accompanied by a motion for leave to file instanter, which is hereby granted.

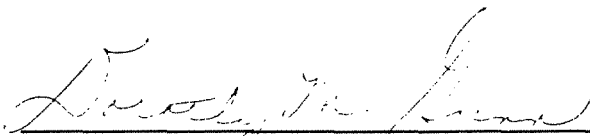

The parties report that soil sampling and analysis continues in this case, in which the remaining issue is the appropriate RCRA clean closure objective for the parameter cadmium. The parties note that a written report of soil investigation results, which was due November 1, was delayed but is expected "shortly", after which they expect to conduct additional settlement negotiations. Subsequently, the parties "intend to either reach agreement or to request a date for hearing before the Board".

The status report stated that the decision deadline was February 27, 1993. However, on November 18, 1992 Heico filed a waiver to June 28, 1993.

The parties appear to be making satisfactory progress in pursuing settlement of the remaining issue in this case. The parties are directed to file an updated status report on or before February 22, 1993.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 19th day of November, 1992 by a vote of 7-6.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
