Proposed Rule.

First Notice.

ORDER OF THE BOARD (by R. C. Flemal):

On February 18, 1992, the Illinois Environmental Protection Agency (Agency) filed this proposal for rulemaking. The proposal is intended to expand the geographical applicability of reasonably available control technology (RACT) regulations to certain stationary sources of volatile organic material (VOM) in Goose Lake and Aux Sable Townships in Grundy County, Illinois, and to Oswego Township in Kendall County, Illinois.

On July 25, 1991, the Board adopted revisions to the State implementation plan (SIP) to make it consistent with the existing Federal implementation plan (FIP) (Board docket R91-7¹). The revised SIP contains a complete set of RACT regulations applying to stationary VOM sources located in the six Chicago area counties of Cook, Lake, DuPage, Kane, McHenry, and Will. The regulations do not include Aux Sable and Goose Lake Townships in Grundy County and Oswego Township in Kendall County. However, the Agency states that because these townships have now been included within the Chicago area boundaries designated by USEPA as nonattainment for ozone, they also must be included in the SIP.

Pursuant to a provision of the Clean Air Act Amendments (42 USC §7511a(c) and a(b)(2)), Illinois is to submit these regulations changing the applicability of parts 215 and 218 as a revision to its SIP by November 15, 1992.

¹ The Board notes that in its order of February 27, 1992, it incorrectly noted the docket number as R91-8. The R91-8 proceeding contained revisions involving the Metro-East area, whereas R91-7 contained revisions pertaining to the Chicago area.

The Board accepted the proposal for hearing on February 27, 1992. The Board also accepted the Agency's certification that this rulemaking is federally required pursuant to Section 28.2 of the Environmental Protection Act (Act) (Ill. Rev. Stat. 1991, ch. 111½, par.1028.2), as amended by P.A. 86-1409.

By today's opinion and order, the Board sends this proposal to first notice, as required by Section 5.01 of the Illinois Administrative Procedure Act, and is submitted for publication as filed by the Agency. The Board has made only minor nonsubstantive changes to the rules as proposed by the Agency, in order to conform to Administrative Code Unit requirements.

The Board emphasizes that in sending this proposal to first notice, it adopts no substantive position on the merits of the proposal. The Board believes that publishing the proposal at this time will maximize the opportunity for public comment on the proposal. Additionally, the Board has already stated that it places a very high priority on the quick resolution of this rulemaking. Beginning the statutorily-required first notice period at this time will allow for the most expeditious resolution of the proceeding.

ORDER

The Board directs the Clerk of the Board to cause first notice publication of the following amendments in the Illinois Register.
