IN THE MATTER OF:	)	
	)	
PETITION OF COMMONWEALTH	)	AS 96-10
EDISON COMPANY FOR ADJUSTED	)	(Adjusted Standard - Water)
STANDARD FROM 35 ILL. ADM. CODE	)	
302.211 (d) and (e)	)	

ORDER OF THE BOARD (by E. Dunham):

On May 16, 1996, Commonwealth Edison Company (ComEd) filed a petition for an alternative thermal standard for its Joliet, Will County, Crawford and Fisk Generating Stations. The petition is filed pursuant to 35 Ill. Adm. Code 304.141(c). The Board has entered this petition as an adjusted standard from the requirements of 35 Ill. Adm. Code 302.211(d) and (e)<sup>1</sup> and will follow the procedural rules for a heated effluent demonstration as found in Subpart A of 35 Ill. Adm. Code 106. Hearing on the petition will be held pursuant to 35 Ill. Adm. Code 106.105. The Board finds that the petition as filed by ComEd does not meet the requirements for an adjusted standard petition. Therefore, the Board finds that the petition filed by ComEd is insufficient for Board consideration and directs ComEd to file an amended petition satisfying the requirements of 35 Ill. Adm. Code 106.Subpart A.

ComEd also filed a request for waiver of filing requirements. ComEd requests that it be allowed to file the original plus three copies of the exhibits to the petition instead of the original plus nine copies as required by 35 Ill. Adm. Code 101.103(b). The Board requests that at least the original plus four copies of documents be filed in order to supply each Board office with a copy of the document and maintain the original document in the Clerk's file. Therefore, the Board directs ComEd to file one additional copy of the exhibits with the Board.

If ComEd does not file an amended petition, addressing the above issues, on or before July 26, 1996 this matter may be subject to dismissal.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the \_\_\_\_\_ day of \_\_\_\_\_, 1996, by a vote of \_\_\_\_\_.
