ORDER OF THE BOARD (By E. Dunham):

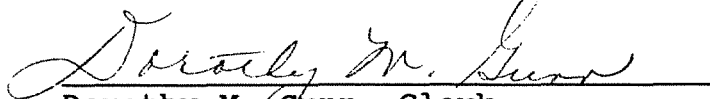

This matter comes before the Board on a "Motion for Relief from Filing Requirements" filed by petitioner on September 22, 1994. Petitioner filed a petition for variance with the Board on September 19, 1994, for a variance from 35 Ill. Adm. Code 814.104(c). Petitioner is requesting relief from the filing requirements of 35 Ill. Adm. Code 101.103(b) and 104.120 requiring that an original plus nine copies of the petition be filed with the Board and that a copy of the petition be served on the Illinois Environmental Protection Agency (Agency).

Petitioner is requesting that it be required to file only one copy of the supplemental exhibit containing information required to be included in its application for significant modification. The petitioner contends that this information has already been submitted to the Agency. In addition, petitioner contends that the information is voluminous and is submitted for the limited purpose of demonstrating petitioner's good faith and diligence in complying with the regulation from which petitioner seeks a variance.

The Board denies petitioner's motion. The Board will require petitioner to file three additional copies of the supplemental exhibit to provide copies of the exhibit to each of the Board's offices. Unless requested by the Agency, the Board will not require petitioner to file a copy of the exhibit with the Agency.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 6th day of October, 1994, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
