v.) PCB 93-260
) (Variance)
ILLINOIS ENVIRONMENTAL)
PROTECTION AGENCY,)
)
Respondent.)

ORDER OF THE BOARD (by J. Theodore Meyer):

This matter is before the Board on a petition for variance, filed by Glenbard Wastewater Authority (GWA) on December 22, 1993. GWA seeks a variance from the effluent disinfection limits of 400 per 100 ml daily maximum fecal coliform. Those limits are imposed in GWA's revised NPDES permit #IL0021547. GWA seeks a variance for the months of April through October 1994.

The Board finds the petition deficient. GWA shall file an amended petition addressing the following points:

1. A specific identification of the regulations from which the variance is sought. This may include, but may not be limited to, 35 Ill. Adm. Code 304.141.
2. The numerical interim discharge limitations which can be achieved during the variance period. GWA has stated that numerical limits are difficult to quantify because of the variable nature of effluent fecal quantities. GWA should elaborate by providing some estimate.
3. Additional information on the reasons GWA believes that compliance would impose an arbitrary or unreasonable hardship.
3. An indication of whether the Board may grant the request relief consistent with federal law. (See 35 Ill. Adm. Code 104.122(b).)
4. A request for hearing, or a statement waiving hearing accompanied by an affidavit in support of the material facts alleged in the petition. (See 35 Ill. Adm. Code 104.124.)

GWA is directed to file an amended petition within 45 days of the date of this order, or the petition for variance will be subject to dismissal. The Board notes that for purposes of

calculation of the decision deadline pursuant to Section 38 of the Environmental Protection Act, the filing of an amended petition will restart the Board's 120-day decision deadline.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 6th day of January, 1994, by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
