Respondent.)	

ORDER OF THE BOARD (by C. A. Manning):

In accordance with the Board's order of April 22, 1993, the parties each filed a status report; Safety-Kleen filed a report on July 29, and the Agency filed a report on August 2. The two reports are in general agreement. As the Agency's report is more detailed, its content will be relayed in this order.

The Agency's report states that Safety-Kleen and the Agency are currently finalizing the form of the revised closure plan approval letter in this matter. The Agency has exchanged drafts of the revised closure plan approval letter with Safety-Kleen on or about June 25, 1993, July 15, 1993, July 23, 1993 and July 28, 1993. The Agency is currently awaiting comments regarding the letter from Safety-Kleen's technical staff.

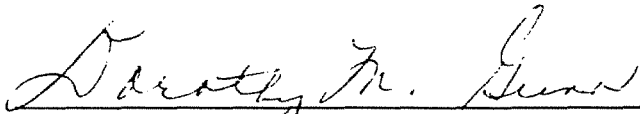

The Agency states that if Safety-Kleen has no comments regarding the latest draft, the Agency will be ready to issue the letter. If Safety-Kleen has additional comments on the draft of the closure plan approval letter, the Agency anticipates that the comments will be quickly addressed and that Safety-Kleen and the Agency will reach an agreement on the revised closure plan approval letter in a very short time.

The Agency opines that once Safety-Kleen and the Agency have reached an agreement on the revised closure plan approval letter, all of the points of dispute in the permit appeal should be resolved, placing Safety-Kleen in a position to voluntarily withdraw this appeal.

Safety-Kleen states that the parties agree to file another status report within 30 days. Accordingly, the parties are directed to file an updated status report on or before September 7, 1993 in the event that this action has not previously been dismissed.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 5th day of August, 1993 by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
