ORDER OF THE BOARD (by B. Forcade):

North Shore Sanitary District (North Shore) filed an amended petition for variance for its Waukegan Treatment Plant on August 19, 1992. This amended petition restarts the timeclock for determining the decision deadline. In the amended petition North Shore waived "hearing on the Petition if the Board feels that the enclosed material and other material heretofore filed is adequate." The Board accepts the waiver of hearing but makes no determination on the adequacy of the material filed.

On August 21, 1992, North Shore requested that copies of "Assessment of Physical Impacts from Combined Sewer Overflows Waukegan Wastewater Treatment Plant, 1990 and 1991 Annual and Comprehensive Report" be incorporated by reference. Four copies of the report were filed with the Amended Petition. North Shore's request is granted and the material will be incorporated into the record.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 3rd day of September, 1992, by a vote of 7-0.
