INTERIM ORDER OF THE BOARD (by J. Anderson):

The Board has reviewed and discussed the Docket D proposal filed by the Board's Scientific/Technical Section (STS) at regularly scheduled and special Board meetings of January 21, February 4 and 5, and February 11. The Board is in full agreement with the essential elements of the proposal. However, the Board wishes to see regulatory language embodying certain concepts which either are not contained in the existing proposal, are not clearly expressed, or are alternative to those presently proposed.

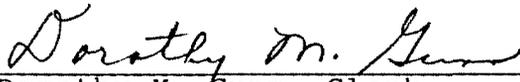

Staff is directed to revise the draft consistent with the Board's discussion today.

Given the complex nature and length of this proposal and the need for sufficient time to incorporate these revisions so as to avoid unintended regulatory results, the Board will formally adopt the proposal for First Notice at its February 25, 1988 Board Meeting. The Board intends to establish a new Docket R84-17(E) for its own proposal.

IT IS SO ORDERED.

J. T. Meyer dissented.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Interim Order was adopted on the 11th day of February, 1988, by a vote of 5-1.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
