ORDER OF THE BOARD (by E. Dunham):

On July 21, 1994, the Board granted a stay of review of the record in this matter until October 1, 1994. An open waiver of the decision deadline has been provided by the petitioner. The last hearing in this matter was held on February 23, 1993, and the petitioner's reply brief was filed on August 11, 1993. As a result of the hearings and briefs, the parties agreed that it was in the best interest of all concerned for the Illinois Environmental Protection Agency (Agency) to further review this matter. Petitioner filed a new permit application with the Agency. The parties met on June 15, 1994, to discuss some of the technical issues relating to the permit. As a result of this meeting the Agency stated that a draft permit may be issued.

The Board directs the parties to file status reports on or before November 18, 1994. The status reports shall indicate the present status of any negotiations and if the parties desire to proceed to a review of the record in this matter. If the parties request that the Board proceed to a decision on the record, the Board requests that the parties address whether any additional hearings or filings are necessary to update the record.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 20th day of October, 1994, by a vote of 5 0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
