

ILLINOIS POLLUTION CONTROL BOARD
February 4, 1993

IN THE MATTER OF:)
)
PETITION OF REYNOLDS METAL) AS 91-8
COMPANY FOR AN ADJUSTED) (Adjusted Standard)
STANDARD FROM 35 ILL. ADM.)
CODE 218.980)

ORDER OF THE BOARD (by J. C. Marlin):

This matter comes before the Board on Reynolds' September 4, 1991, petition for adjusted standard. The Board accepted this matter for hearing on January 23, 1992, but delayed assigning a hearing officer. This delay was necessary because the petition could result in a revision to the State Implementation Plan (SIP). Before a revision to the SIP can be accepted, the USEPA must first revise the Federal Implementation Plan (FIP). Reynolds has petitioned the USEPA for the revision of the FIP and is awaiting the decision. On January 28, 1993, Reynolds filed a status report pursuant to a October 1, 1992 Board order.

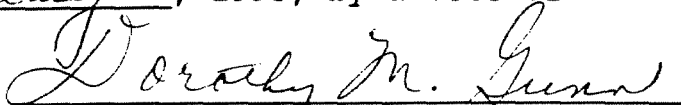

In its most recent report, Reynolds states that:

On June 23, 1992, the United States Environmental Protection Agency ("USEPA") published a notice in the Federal Register staying the effectiveness of 40 CFR 52.741(x) and (y) as they apply to Reynolds to allow the USEPA to reconsider the applicability of the rules to Reynolds. The notice stated that USEPA is proceeding expeditiously with the reconsideration. The USEPA regional office expects to send a proposal to USEPA Headquarters by the end of January. The Illinois Environmental Protection Agency concurs with this status report.

Given that the USEPA has stayed the effectiveness of the Federal regulations as they apply to Reynolds pending reconsideration, the Board hereby stays the proceedings in this matter until May 3, 1993, at which time the parties are directed to file a status report with the Board.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 4th day of February, 1993, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
