v.) PCB 90-215
) (Permit Appeal-RCRA)
ILLINOIS ENVIRONMENTAL)
PROTECTION AGENCY,)
)
Respondent.)

ORDER OF THE BOARD (by E. Dunham):

On June 2, 1995, Spraying Systems Company (SSC) and the Illinois Environmental Protection Agency (Agency) filed a Joint Status Report¹ pursuant to the Board's order of January 11, 1995. The parties state that they are negotiating settlement of this permit appeal. The parties state that they will be meeting within the next two months to discuss means of resolving this matter. SSC has also provided a waiver of the decision deadline until March 31, 1996.

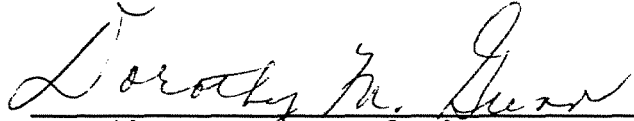

The Board notes that the parties have filed identical status reports on August 5, 1994 and on January 6, 1995. The parties stated in their March 21, 1994 status report that they intended to meet in late April, 1994. This case is now nearly five years old, and no substantive progress has been shown since the Agency received a report from SSC on December 10, 1993 reporting completion of the RCRA closure work plan for the facility.

The Board accepts the joint status report. The parties are ordered to conduct a meeting within 30 days of this order and file status reports (or a joint status report), including any progress made at that meeting, with the Board on or before July 24, 1995. Failure to comply with this order may subject the parties to sanctions, including the dismissal of this permit appeal.

IT IS SO ORDERED.

¹ The Board notes that the status report was not signed by the attorney for the Agency.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 8th day of June, 1995, by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
