

ILLINOIS POLLUTION CONTROL BOARD
October 16, 1992

IN THE MATTER OF:)
)
PETITION OF CONVERSION)
SYSTEMS, INC. FOR ADJUSTED) AS 92-9
STANDARD FROM 35 ILL. ADM.) (Adjusted Standard)
CODE 810.103, 811.306,)
AND 811.507)

ORDER OF THE BOARD (by J. Anderson):

On October 6, 1992, Conversion Systems, Inc. (CSI) filed a motion requesting the Board to reconsider its October 1, 1992 order in this matter. On the same date, CSI also filed two certificates of publication and a motion to file the certificates instanter.

In its October 1, 1992 order, the Board, in part, ordered CSI to file an amended petition to correct certain deficiencies. In light of the extensive nature of the revisions that were needed and in order to assure that proper notification of the amended petition was given, the Board also directed CSI to republish notice of its amended petition.

In its motion to file its certificates of publication instanter, CSI states that notice of its petition was published in both the Sun-Times and the State Journal-Register on August 27, 1992. CSI also states that, although both certificates were to have been filed with the Board by September 23, 1992, it did not receive the State Journal-Register's certificate until October 1, 1992. CSI finally asserts that no prejudice would result from the granting of the motion to file instanter.

In its motion for reconsideration, CSI asks the Board to require republication of its notice in only the State Journal-Register. In support of its motion, CSI asserts that, although republication in the State Journal-Register will cost \$24.60, republication in the Sun-Times will cost \$474.18. CSI also asserts that nothing has been filed with the Board by the public since the original publication nor have there been any telephone calls regarding the proceeding.

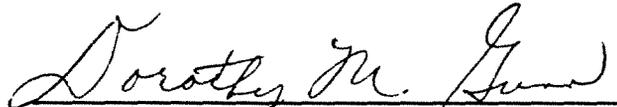

Although the response times to CSI's motions have not yet expired, the Board will rule on the motions to prevent undue delay. 35 Ill. Adm. Code 101.241(b). As to the motion for reconsideration, it is apparent, upon examination of the notices of publication, that such notices contain a general description of the relief requested and sufficiently place the public on notice of CSI's petition for adjusted standard. Accordingly, the Board hereby grants CSI's motion for reconsideration and will not require CSI to republish notice of its amended petition in either

0136-0457

paper. Because it is not requiring republication, the Board also grants CSI's motion to file its certificates of publication instanter.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 16th day of October, 1992, by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
