Respondent.)	

ORDER OF THE BOARD (by C.A. Manning):

This matter is before the Board pursuant to a joint motion for stay of hearing filed on August 16, 1994 by General Motors Corporation, Powertrain Division ("GM") and the Illinois Environmental Protection Agency ("Agency"). On November 8, 1991, GM filed a permit appeal challenging conditions in an NPDES permit issued on October 9, 1991. The hearing in this case has been stayed while, among other things, the parties pursue settlement. The motion to extend the stay indicates that the parties are continuing with their negotiations, and they believe an amicable resolution of this matter is possible.

Accordingly, we hereby grant an extension of the stay in this matter until July 1, 1995. Though the parties have requested a stay until August 15, 1995 and have provided a waiver of the decision deadline until October 31, 1995, we must allow 120 days upon the stay being lifted for a hearing, the filing briefs and deliberation by the Board, should a hearing become necessary.

If this case has not yet been dismissed and the parties wish to conclude negotiations past July 1, 1995, the petitioner must again seek an extension of the stay before the Board and provide an additional waiver of the statutory decision deadline. In the interim, the petitioner is directed to file a status report in this case on or before December 8, 1994.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 13th day of September, 1994, by a vote of 6-0.

Dorothy M. Gunn
Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
