ORDER OF THE BOARD (by G.T. Girard):

On June 11, 1992, the parties filed a status report pursuant to the Board's order of April 9, 1992. The parties report that they are continuing to work together to resolve two items of contention in this complaint: 1) sawdust particles emitted from Condecor's woodworking equipment, hogger and cyclone; and 2) emissions from wood staining and finishing equipment. Condecor has retained a consultant to assist it in dealing with the latter issue. The sawdust problem has been partially addressed by a barrier, and alternative controls are to be the subject of a meeting between the parties on July 16, 1992. The parties conclude their report by stating that they anticipate that the matter will be resolved without the need for a hearing.

The parties are directed to file an updated status report on or before September 15, 1992.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 23rd day of June, 1992, by a vote of 7-0.
