 Respondent. )

ORDER OF THE BOARD (by B. Forcade):

On August 10, 1989, Highland Supply Corporation ("Highland") filed a motion to withdraw the full text version of the permit appeal and file a corrected version. The motion to withdraw is granted. The Board accepts Highland's corrected version and construes it as an amended petition, thus, restarting the 120-day decision time clock. If, however, Highland is not in agreement with this interpretation of an amended petition, Highland must notify the Board within 14 days of the date of this Order. In addition, both the Illinois Environmental Protection Agency ("Agency"), in its filing of August 14, 1989, and Highland, in its filing of August 16, 1989, agree that the permit appeal was timely filed.

On August 28, 1989, the Agency filed its Agency Record. Contained within that record were several pages marked "confidential." The Board has placed the record in the Clerk's security files. Within 14 days of the date of this Order, both parties are requested to address whether this information must be maintained as confidential. Until such time, the Clerk of the Board will maintain the Agency Record in a confidential manner (not for public perusal).

In its original petition for review of July 21, 1989, Highland claimed trade secret protection for certain information contained therein. Unless otherwise requested by written motion within the next 10 days, the Clerk of the Board is instructed to return these materials, via certified mail, to Coburn, Croft & Putzell in St. Louis, Missouri.

IT IS SO ORDERED

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 31<sup>st</sup> day of August, 1989, by a vote of 6-0.

Dorothy M. Gunn, Clerk
