

ENVIRONMENTAL REGISTER

No. 490 *Illinois Pollution Control Board News* January, 1995

BARCLAYS TO PUBLISH BOARD OPINIONS AND ORDERS

The Board has entered into an agreement with Barclays Law Publishers for the publication of Board opinions and orders. Barclays will produce Barclays Environmental Law of Illinois, a comprehensive compilation of state statutes, regulations, and decisions covering all areas of environmental law, including Board decisions. Environmental Law will be available from Barclays on a paid subscription basis. It will include rules from several titles of the Illinois Administrative Code, relevant statutes from the Illinois Compiled Statutes, administrative decisions (including Board decisions) and recent significant environmental-related judicial decisions. Subscribers to Environmental Law will receive monthly supplements, each containing new or amended statutes and regulations, as well as the prior month's Board decisions. BARCLAYS continued on page 5

BOARD TO CONDUCT INQUIRY HEARINGS ON THE LOCATION OF WASTE MANAGEMENT FACILITIES IN 100-YEAR FLOODPLAINS

The Illinois Environmental Protection Agency recently filed a motion in docket R94-34, requesting that the Board conduct inquiry hearings on the location of hazardous and non-hazardous waste management facilities in 100-year floodplains in Illinois. The Board has accepted the motion and has committed to holding at least one public hearing on the petition. See Rulemaking Update, this issue at page 2.

GOVERNOR EDGAR SIGNS AMENDMENTS TO OMNIBUS BILL, INCLUDING AMENDMENTS TO LOCAL SITING APPROVAL PROVISIONS, P.A. 88-681

On December 22, 1994, Governor Jim Edgar signed P.A. 88-681 (formerly H.B. 1594) into law. The amendments included a set of amendments to the Environmental Protection Act (Act) and various other statutes. These removed the words "regional" and "nonregional" from all references to the statutorily-defined "regional pollution control facility". The revised usage is simply "pollution control facility". The primary substantive impact of these amendments is that all pollution control facilities will be subject to local siting approval under Section 39.2 of the Act, without regard to whether or not their intended service area is purely local. The pertinent provisions of this omnibus bill became effective upon signature.

BOARD TO SCHEDULE WEEKLY SPECIAL BOARD MEETINGS ON TRIAL BASIS

Beginning January 19 and through March 30, the Board will hold weekly "process" meetings on a trial basis. These meetings are intended to be limited so that the Board may expeditiously address routine matters, for instance, the scheduling of hearings in new cases brought before it, adoption of provisional variances, and acceptance of stipulated settlements. The Board still intends to reserve disposition of its non-routine, final decisions and motions for the meetings already scheduled on the third Thursday of the month, i.e., January 12, February 16 and March 16, 1995. The newly scheduled Board meetings are set for January 26; February 2, 9, and 23; and March 2, 9, 23, and 30, 1995.

RULEMAKING UPDATE**VEHICLE INSPECTION AND MAINTENANCE AMENDMENTS
ADOPTED, R94-19 & R94-20**

On December 1, 1994, the Board adopted amendments to the Illinois vehicle inspection and maintenance regulations under two different docket numbers R94-19 and R94-20. The amendments are intended to help implement an enhanced vehicle inspection and maintenance (I/M) program in certain areas in Illinois. The amendments establish the federal dynamic-load "IM 240" engine exhaust emissions test for 1991 and later light duty vehicles and light duty trucks. The existing static "idle" test would remain the test used for older vehicles and for those newer vehicles for which the "IM 240" test is unsuitable.

Section 182(b) and (c) of the CAA, as amended in 1990, requires the use of "inspection and maintenance" (I/M) programs in areas not meeting the national ambient air quality standards (NAAQS) for ozone and/or carbon monoxide. The CAA specifies the use of "basic" I/M programs in "moderate" nonattainment areas and "marginal" nonattainment areas with existing I/M programs. It requires the use of "enhanced" I/M programs in "serious", "severe", and "extreme" ozone nonattainment areas with urbanized populations of 200,000 or more. In Illinois, the Chicago and Metro-East St. Louis (Metro-East) areas are classified as "severe" and "moderate" nonattainment for ozone, respectively, and as such are subject to the I/M requirement.

The General Assembly enacted the Vehicle Emissions Inspection Law of 1995 (VEIL; 625 ILCS 5/13B) effective January 18, 1994. (P.A. 88-533.) That statute provides authority for the Agency to implement an enhanced I/M program and meet the United States Environmental Protection Agency's (U.S. EPA's) requirements for such a program. P.A. 88-533 mandates enhanced I/M testing for the Metro-East area and certain portions of the Chicago nonattainment area. Section 13B-20 mandates that the Agency propose and the Board adopt implementing regulations using identical-in-substance procedures.

On July 20, 1994, the Illinois Environmental Protection Agency (Agency) filed two proposals for Clean Air Act (CAA) rulemaking to implement the Vehicle Inspection Law. The first, docketed as R94-19 and dealing with vehicle tailpipe emissions testing, was based on federal guidelines; it proceeded under the "fast-track" rulemaking provisions of Section 28.5 of the Environmental Protection Act (Act) and Section 13B-20 of VEIL. The second petition, docketed as R94-20 and dealing with fuel system evaporative emissions, was based directly on federal regulations; it proceeded under the identical-in-substance provisions of Section 28.4 of the Act and Section 13B-20 of VEIL.

The Board proposed amendments in both dockets for First Notice publication in the *Illinois Register* on July 21, 1994 and conducted a public hearing in Chicago on September 8, 1994. Later scheduled hearings in R94-19 were cancelled on request of the Agency because the Board had not received an objection to the amendments from U.S. EPA or a request to hold the hearings pursuant to Section 28.5 of the Environmental Protection Act.

On October 20, 1994, the Board proposed the R94-19 "fast-track" amendments for Second Notice review by the Joint Committee on

Administrative Rules (JCAR). The Board lacked any discretion under law to adjust the statutory time-frames under any circumstances. Section 28.5(o) required the Board to propose the Amendments for Second Notice review by JCAR within 130 days after receiving the proposal, by November 27, 1994.

At its meeting of November 15, JCAR voted an objection to the proposed rules. JCAR stated in the objection:

At its meeting on November 15, 1994, the Joint Committee on Administrative Rules objected to the above cited rulemaking because the stringent standards will cause economic hardship on the affected public and because [the Board]'s action to adopt these standards is premature. The federal Vehicle Emissions Standards program may be altered before its anticipated full implementation in late 1995.

The identical-in-substance procedure did not require that the Board similarly submit the companion rulemaking, R94-20, for JCAR review.

In adopting the R94-19 amendments, in the December 1, 1994 opinion and order, the Board responded to the JCAR objection. The Board cited three reasons for its refusal to modify the amendments in response to the JCAR objection. First, the Board cited the legislative mandates that required it to adopt the amendments within short time frames. Second, the Board noted that it is the implementation of the legislation, and not the amendments that affects the costs of compliance with the enhanced vehicle I/M program. Finally, the Board noted that there was no federal action to limit the scope of the mandate that would justify deviation from the IM 240 test.

R94-20 was filed with the Secretary of State and became effective on December 12, 1994. R94-19 was filed and became effective on December 14, 1994. Direct questions to Michael J. McCambridge, at 312-814-6924. Request copies from Victoria Agyeman, at 312-814-3620. Please refer to dockets R94-19 and R94-20.

(Editor's note: At its meeting of January 10, 1995, JCAR considered the adopted R94-19 amendments and the Board's response to the JCAR objection. The adopted R94-20 amendments were again tentatively placed on the agenda for JCAR's February 7, 1995 meeting.)

**BOARD ACCEPTS MOTION FOR INQUIRY HEARINGS ON
LOCATION OF SOLID WASTE MANAGEMENT FACILITIES IN
100-YEAR FLOODPLAINS, R94-34**

On December 14, 1994, the Board granted a December 2 motion of the Illinois Environmental Protection Agency (Agency) that the Board conduct inquiry hearings relating to the location of solid waste management facilities in 100-year floodplains. The Board has assigned the matter to a hearing officer to hold at least one hearing as requested by the Agency.

According to the motion, hazardous and non-hazardous waste landfills, incinerators, surface impoundments, treatment plants, transfer stations, and other facilities are permissibly located in 100-year floodplains in Illinois. The However, 7,400 square miles, or 14 percent, of the land area in Illinois is subject to flooding, with 250,000 buildings located in floodplains. The Agency also said that floods account for 90 percent of declared disasters in Illinois.

According to the Illinois Department of Transportation's "Floodplain Management: Local Floodplain Administrator's Manual", a higher risk of damage to facilities and environmental contamination occurs when the facility is located in the floodway portion of the floodplain, as opposed to when it is located in the flood fringe. The floodway is that portion of the channel and overbank areas that carries the bulk of the flood waters during a flood, and this is the area where water flow velocities and forces are greatest and most destructive.

The Board has been asked to conduct hearings to address three points: whether the location of facilities in floodplains warrants regulation or prohibition; whether the entire floodplain or just the floodway needs regulation; and whether the 500-year floodplain needs regulation or just the 100-year floodplain. Finally, the Agency has asked the Board to consider whether any regulation or prohibition of facility location should apply to existing facilities as well as new facilities. Address questions to Musette Vogel, at 217-524-8509. Please refer to docket R94-34.

BOARD RESCHEDULES LUST HEARINGS, R94-2(B)

The Board has rescheduled hearings previously scheduled for the petroleum leaking storage tank (LUST) rulemaking, R94-2(B). The hearings, originally scheduled to occur in Chicago and Springfield in January and February, are presently scheduled as follows:

10:00 a.m., Tuesday, March 28, 1995 and

10:00 a.m., Wednesday, March 29, 1995

County Board Chambers
200 South Ninth Street, 2nd Floor
Springfield

10:00 a.m., Tuesday, April 25, 1995 and

10:00 a.m., Wednesday, April 26, 1995

James R. Thompson Center
100 West Randolph Street, Room 9-040
Chicago

The hearing officer order rescheduling the hearings sets forth a deadline of February 9, 1995 for interested persons to file a regulatory proposal to address issues outstanding from the parent proceeding, now designated as R94-2(A). The Board severed the docket simultaneous to proposing the parent rules for Second Notice on August 11, 1994. That was done in response to the requests of several participants and a formal motion by IERG. The separate sub-docket B is intended to consider generic clean-up objectives and alternative methodologies for determining objectives. (See issues 486, Sept., 1994 & 487, Oct., 1994.)

The hearing officer order also imposes deadlines of February 24 and March 10, 1995 as deadlines for submission of pre-filed testimony and exhibits for each respective hearing. It further states that the hearings of March 28 and April 26 are subject to cancellation if business is completed on the day preceding each. Direct questions to Musette Vogel, at 217-524-8509. Please refer to docket R94-2(B).

THIRD HEARING SET FOR WATER QUALITY AMENDMENTS, R94-1

The Board has set a third day of public hearings in the docket, R94-1, relating to amendments to the Illinois water quality regulations. The third day of hearing is scheduled as follows:

10:30 a.m., Friday, January 26, 1995

James R. Thompson Center

Room 9-040

100 West Randolph Street

Chicago

The hearing officer scheduling the third hearing provided for the pre-submission of testimony, exhibits, questions, and responses. It set forth a deadline of January 13, 1995 for pre-submission of testimony and exhibits, and January 20, 1995 for pre-submission of questions and responses based on the pre-filed testimony.

The Illinois EPA (Agency) proposal proceeded from a mandatory review of the Illinois stream water quality regulations required under the federal Clean Water Act (33 U.S.C. §§ 1251 *et seq.*). The proposal would amend Parts 302 and 304 of the Water Pollution Control regulations to revise the standards for ammonia nitrogen, mercury, and lead general water quality standards; secondary contact and indigenous aquatic life standards; and other regulations. The Agency filed the proposal February 24, 1994. The Board accepted the proposal on March 17, 1994 and decided to proceed on the proposal as a federally required rule on May 5, 1994. (Issues 481, April, 1994 & 483, June, 1994.)

Section 28.2 of the Act allows the Agency to certify that certain regulatory amendments are federally required rules. It allows the Board 45 days to either accept or reject the Agency's certification. Pursuant to the Board's order of May 5 construing Section 28.2, the Board was to have proposed a First Notice rule for publication in the *Illinois Register* within six months, *i.e.*, by November 5, 1994.

The Board proposed amendments based on the Agency's proposal for First Notice publication in the *Illinois Register* on September 15, 1994, which appeared on September 30, 1994. The Board subsequently scheduled two public hearings on the proposal, which occurred on November 10 and 22, 1994, in Springfield and Chicago. (See Issue 487, Oct., 1994.)

The First Notice period technically ended on November 14, 1994, but the Board has delayed proceeding to propose the amendments for Second Notice review by the joint Committee on Administrative Rules and has scheduled the additional hearing. Direct questions to Diane F. O'Neill, at 312-814-6062. Please refer to docket R94-1.

BOARD ACCEPTS PETITION FOR SITE-SPECIFIC LANDFILL FINANCIAL ASSURANCE REGULATION FROM COMMONWEALTH EDISON, R94-30

On December 1, 1994, the Board accepted a petition filed October 17 by Commonwealth Edison Company (Com-Ed) for hearing. The petition seeks a declaration that the Commonwealth Edison Joliet/Lincoln Quarry facility, in Will County, is a surface impoundment, and not a landfill subject to the land pollution control (landfill) regulations. In the alternative, Com-Ed seeks site-specific regulations relating to leachate management, groundwater monitoring, and final cover requirements at this facility.

Com-Ed has placed over 11,000 tons of bottom ash and slag

from two coal-fired generating stations each year in the facility, and has held a landfill permit for the facility for several years. Under the landfill amendments of 1990, Com-Ed notified the Agency that it intended to close the facility by September 18, 1997 (within seven years of the effective date of the amendments). Com-Ed has since reconsidered this decision due to the remaining capacity of the facility. Com-Ed seeks the declaration that the facility is a surface impoundment to avoid compliance with the 1990 landfill amendments. Com-Ed conceded in its petition that the facility cannot meet those standards. Direct questions to Kevin Desharnais, at 312-814-6926. Please refer to docket R94-34.

APPELLATE UPDATE

FOURTH DISTRICT DETERMINES THAT BOARD REMAND WAS APPROPRIATE, REMANDS DECISION TO BOARD FOR REMAND TO LOCAL SITING AUTHORITY

In a decision dated December 14, 1994, in *Illinois Landfills, Inc. v. PCB*, No. 4-94-41, the Fourth district held that the Board should have remanded the decision to the City of Hoopston for further elaboration of its decision. The court denied a motion for rehearing on January 11, 1995. The court remanded the matter to the Board for remand to the City.

Illinois Landfills filed an application with the City of Hoopston for siting approval, pursuant to Section 39.2 of the Environmental Protection Act (Act), for expansion of an existing pollution control facility (landfill). The City held public hearings and granted siting approval on April 27, 1993. A number of third party challengers appealed the decision to the Board on numerous grounds. In a decision dated September 23, 1993, in *Slates v. City of Hoopston*, PCB 93-106, the Board reversed the City's decision. The Board found that the City had properly considered the required factors of Section 39.2(a) of the Act, but that the finding on the need criterion (criterion 1) was improper. The applicant's stated intended service area for the facility included 31 counties. The City's approval had stated that the facility was "necessary to accommodate the waste needs of the City of Hoopston and the Vermillion County area." Since the finding did not extend to the entire intended service area, the Board held that the approval was defective and reversed the City's siting approval. In the September 23 opinion and order and in denying reconsideration on December 16, 1993, the Board specifically held that remand was not appropriate in this case.

On appeal, the Fourth District held that the Board should have remanded the matter to the City for correction of its criterion 1 determination to consider the entire intended service area. The court observed that it must review Board decisions under the same standard as the Board in reviewing local siting approval determinations: the manifest weight of the evidence standard. The court found that it could not review a Board decision on criterion 1 because the City did not render its determination on the proper basis, which would have been the entire intended service area. Under such circumstances, and where the City rendered its determination in good faith, the court felt that remand for a decision based on the proper consideration was the appropriate course.

FOR YOUR INFORMATION

BOARD HOLDS THAT LANDSCAPE WASTE IS WASTE, INVALIDATES OPEN BURNING PERMIT BECAUSE LOCAL SITING APPROVAL WAS NOT OBTAINED

The Board recently invalidated an Agency-granted open burning permit because the applicant had not obtained local siting approval before applying to the Agency for a permit. In *American Tree Service v. PCB* (Dec. 14, 1994), no. PCB 94-43, the Agency had granted the applicant an open burning permit, with conditions. The applicant challenged one of the conditions, which would have limited the applicant's burning to landscape waste generated by the applicant's employees' landscaping activities.

The applicant appealed the condition to the Board, essentially arguing that landscape waste is not "waste", as defined by Section 3.53 of the Act, so no restriction on the sources of the waste was necessary. The Agency argued that the restriction of the condition was necessary because otherwise the applicant's facility would be a "regional pollution control facility", as defined by Section 3.20 of the Act, and the applicant had not obtained local siting approval of its facility pursuant to Section 39.2 of the Act.

The Board examined the parties' arguments and the Act and determined that landscape waste is "waste", so local siting approval was required. Whereas the Agency attempted in the challenged condition to limit the wastes to those generated by the applicant's employees' activities, the Board concluded that the exception from the requirement for local siting authority was limited to wastes generated at the site where they were disposed of. The Board held that since the applicant's activities were not restricted to landscape waste generated at its own site, local siting approval was required before the permit issued. The Board invalidated the permit because the applicant had not first obtained such approval.

BOARD DETERMINES THAT A PROPOSED WASTE WOOD-TO-ENERGY FACILITY IS A SOLID WASTE MANAGEMENT FACILITY

In a recent decision, in *In the Matter of: Petition of Illinois Wood Energy Partners, L.P. for an Adjusted Standard from 35 Ill. Adm. Code 807 or, in the Alternative, a Finding of Inapplicability* (Dec. 1, 1994), No. AS 94-1, the Board entered a final opinion and order. This opinion

and order followed the interim opinion and order issued October 6, 1994 and determined that a proposed wood-to-energy facility would be a solid waste management facility.

Thus, the proposed facility would be subject to the permit requirements of Section 21(d) of the Environmental Protection Act. Although the Board found that the issue of adjusted standard relief was still relevant, it dismissed the petition because Illinois Wood Energy Partners had not filed an amended petition to cure the deficiencies noted in the October 6, 1994 Board order. (Editor's note: See issue 488, Nov., 1994 for more details. Illinois Wood Energy Partners filed notice of appeal to the First District Appellate Court on January 4, 1995, no. 95-1-0004.)

RESTRICTED STATUS AND CRITICAL REVIEW LISTS FOR PUBLIC WATER SUPPLIES IN THIS ISSUE

The Illinois Environmental Protection Agency, Division of Public Water Supplies, is publishing copies of the Division's Restricted Status and Critical Review lists at the end of this issue of the Environmental Register. These lists reflect the status as of January 1, 1995.

BARCLAYS continued from page 1

Initially, Environmental Law will be available in printed loose-leaf volumes. It will subsequently be available in the spring of 1995 on CD-ROM. Subscribers may purchase Environmental Law in two forms: a complete unabridged version covering all areas of environmental law, or in one or more individually-available area-specific segments.

Beginning in January, 1995, all decisions of the Board will be available through Environmental Law on an ongoing basis. Board decisions made between 1990-1994 will be compiled in bound volumes and made available in Environmental Law in the first half of 1995. Decisions made between 1970 and 1989 may be available in Environmental Law later in the year.

For further information on Barclays Environmental Law of Illinois, contact Mr. Jim Lynn of Barclays Law Publishers, at 1-415-244-6677, or Ms. Sandy Wiley of the Illinois Pollution Control Board, at 1-312-814-3623.

**POLLUTION CONTROL BOARD
ELECTRONIC BULLETIN BOARD SYSTEM (BBS)**

The Pollution Control Board operates an electronic BBS at 312-814-1590. The BBS is available 24 hours a day, 7 days a week, to anyone with access to a computer and a modem - there is no charge for access to the BBS. The best communications settings are 8 data bits (or data length 8), no parity (or parity = none) and 1 stop bit, i.e., 8-N-1. The best terminal emulation is ANSI-BBS or just ANSI. The BBS contains Board Agendas, Environmental Registers, Annual Reports, and various documents about the Board. You may download these documents to your computer. For additional information contact Don Brown at the Board Offices 312-814-3461.

FINAL ACTIONS - December 1, 1994 BOARD MEETING

86-4 Petition of the City of Morris for Exception to the Combined Sewer Overflow Regulations - The Board granted this Grundy County facility an exception from the full treatment for first flush and primary treatment for ten times the average dry weather flow requirements of the combined sewer overflow rules of the water

pollution control regulations, subject to conditions.

90-24 Rock-Ola Manufacturing Corporation v. IEPA - The Board granted reconsideration and vacated its opinion and order of May 19, 1994, dismissing this RCRA Subtitle C (haz-

- ardous waste) facility permit appeal involving a Cook County facility in light of a settlement agreement between the parties. Board Member J. Yi abstained.
- 91-122 People of the State of Illinois v. Condecor, Inc. - The Board accepted a stipulation and settlement agreement in this air enforcement action against a Lake County facility, ordered the respondent to pay a civil penalty of \$15,000.00 and ordered it to cease and desist from further violation. Board Member J. Theodore Meyer concurred.
- 93-232 David Geuther and Fehr-Graham & Associates v. IEPA - The Board granted voluntary dismissal of this underground storage tank reimbursement determination appeal involving a LaSalle County facility. (Consolidated with PCB 94-53.)
- 93-261 People of the State of Illinois v. Midwest Refinishing, Inc. and Kenneth Ruff - The Board accepted a stipulation and settlement agreement in this land enforcement action against a DeKalb County facility, ordered the respondent to pay a civil penalty of \$20,000.00, and ordered it to cease and desist from further violation. Board Member J. Theodore Meyer concurred.
- 94-18 City of Wheaton v. Office of the State Fire Marshal - The Board vacated its order of September 1, 1994 and granted summary judgment, affirming the OSFM determination of December 6, 1993 that the petitioner may access the UST Fund subject to a \$100,000 deductible. Board Member J. Yi abstained.
- 94-53 David Geuther and Fehr-Graham & Associates v. IEPA - (See PCB 93-232.)
- 94-134 People of the State of Illinois v. Bakley Construction Corporation - The Board accepted a stipulation and settlement agreement in this air and water enforcement action against McHenry and Kane County facilities, ordered the respondent to pay a civil penalty of \$18,000.00, and ordered it to cease and desist from further violation. Board Member J. Theodore Meyer concurred.
- 94-143 People of the State of Illinois v. Basler Electric Company - The Board accepted a stipulation and settlement agreement in this air enforcement action against a Madison County facility, ordered the respondent to pay a civil penalty of \$14,000.00, and ordered it to cease and desist from further violation. Board Member J. Theodore Meyer concurred.
- 94-155 Cabot Corporation v. EPA - The Board granted this Douglas county facility modification of a variance, originally granted March 25, 1993 in docket PCB 92-179 and modified on September 15, 1994 in docket PCB 94-155, from certain of the underground injection control regulations.
- 94-179 Solvent Systems International v. Village of Hampshire - The Board affirmed a condition to the regional pollution control facility siting approval granted this proposed Kane County waste transfer facility that required the applicant to pay the legal and engineering expenses incurred during the local siting review process.
- 94-192 Christ Episcopal Church v. Office of the State Fire Marshal - The Board granted summary judgment and affirmed an OSFM determination that the Lake County facility was ineligible for reimbursement from the UST fund in this underground storage tank reimbursement determination appeal.
- 94-200 Illinois Landfill, Inc. v. IEPA - The Board granted this Vermilion County landfill a twelve-month variance from the deadline for filing its application for significant modification under the land pollution control (landfill) regulations.
- 94-220 People of the State of Illinois v. City of Gillespie, Macoupin County; John Crawford, d/b/a Knostman Crawford Associates; and H & H Mechanical and Electrical Contractors, Inc. - The Board accepted a stipulation and settlement agreement in this water enforcement action against a Macoupin County facility, ordered the respondent to pay a civil penalty of \$10,000.00, and ordered it to cease and desist from further violation.
- 94-221 People of the State of Illinois v. Harper Oil Company - The Board accepted a stipulation and settlement agreement in this underground storage tank enforcement action against a Effingham County facility, ordered the respondent to pay a civil penalty of \$5,500.00, and ordered it to cease and desist from further violation. Board Member J. Theodore Meyer concurred.

- 94-231 National Steel Corporation, Granite City Division v. IEPA - The Board granted voluntary withdrawal of this land permit appeal involving a Madison County facility. against a Cook County facility, ordered the respondent to pay a civil penalty of \$5,000.00, and ordered it to cease and desist from further violation. Board Member J. Theodore Meyer concurred.
- 94-264 People of the State of Illinois v. First Baptist Church of Marseilles - The Board accepted a stipulation and settlement agreement in this air enforcement action against a LaSalle County facility, ordered the respondent to undertake certain corrective actions, and ordered it to cease and desist from further violation. Board Member J. Theodore Meyer concurred. 94-281 Resourceful Environmental Ideas v. IEPA - The Board granted the voluntary withdrawal of this air variance involving a DuPage County facility.
- 94-265 People of the State of Illinois v. Work Area Protection Corporation - The Board accepted a stipulation and settlement agreement in this air and EPCRA enforcement action against a Kane County facility, ordered the respondent to pay a civil penalty of \$16,000.00, and ordered it to cease and desist from further violation. Board Member J. Theodore Meyer concurred. 94-291 People of the State of Illinois v. The Art Institute of Chicago - The Board accepted a stipulation and settlement agreement in this air enforcement action against a Cook County facility and ordered the respondent to pay a civil penalty of \$1,000.00. Board Member J. Theodore Meyer concurred.
- 94-266 People of the State of Illinois v. Automatic Anodizing Corporation - The Board accepted a stipulation and settlement agreement in this EPCRA enforcement action against a Cook County facility, ordered the respondent to pay a civil penalty of \$1,000.00, and ordered it to cease and desist from further violation. Board Member J. Theodore Meyer concurred. 94-296 People of the State of Illinois v. American Circuit Systems, Inc. - The Board accepted a stipulation and settlement agreement in this RCRA Subtitle C enforcement action against a DuPage County facility, ordered the respondent to pay a civil penalty of \$2,000.00, and ordered it to cease and desist from further violation. Board Member J. Theodore Meyer concurred.
- 94-267 People of the State of Illinois v. Dean Foods Company - The Board accepted a stipulation and settlement agreement in this EPCRA enforcement action against a Winnebago County facility, ordered the respondent to pay a civil penalty of \$3,600.00, and ordered it to cease and desist from further violation. Board Member J. Theodore Meyer concurred. 94-301 People of the State of Illinois v. Colfax Corporation - The Board accepted a stipulation and settlement agreement in this air enforcement action against a Cook County facility, ordered the respondent to pay a civil penalty of \$11,000.00, and ordered it to cease and desist from further violation. Board Member J. Theodore Meyer concurred.
- 94-268 People of the State of Illinois v. American Generator and Armature Company - The Board accepted a stipulation and settlement agreement in this EPCRA enforcement action against a Cook County facility, ordered the respondent to pay a civil penalty of \$6,700.00, and ordered it to cease and desist from further violation. Board Member J. Theodore Meyer concurred. 94-310 People of the State of Illinois v. Central Illinois Public Service - The Board accepted a stipulation and settlement agreement in this air enforcement action against a Jasper County facility, ordered the respondent to pay a civil penalty of \$10,000.00, and ordered it to cease and desist from further violation. Board Member J. Theodore Meyer concurred.
- 94-269 People of the State of Illinois v. American Rack Company - The Board accepted a stipulation and settlement agreement in this Emergency Planning and Community Right-to-Know Act (EPCRA) enforcement action 94-315 People of the State of Illinois v. Modern Steel Treating Company - The Board accepted a stipulation and settlement agreement in this air enforcement action against a Cook County facility, ordered the respondent to pay a civil penalty of \$1,000.00, and ordered it to cease and desist from further violation. Board Member J. Theodore Meyer concurred.
- 94-334 Ingleside Union 76 #70 v. IEPA - Upon

- receipt of an Agency recommendation, the Board granted this Lake County gasoline dispensing facility a 45-day provisional variance from the Stage II vapor recovery requirements of the air pollution control regulations.
- 94-335 Elmhurst Shell v. IEPA - The Board granted the Agency's motion to withdraw its recommendation for a provisional variance from the Stage II vapor recovery requirements of the air pollution control regulations for this DuPage County facility.
- 94-336 Leo's Union 76 v. IEPA - Upon receipt of an Agency recommendation, the Board granted this Cook County gasoline dispensing facility a 45-day provisional variance from the Stage II vapor recovery requirements of the air pollution control regulations.
- 94-337 The Southland Corporation v. IEPA - Upon receipt of an Agency recommendation, the Board granted the petitioner a 45-day provisional variance for three of its Cook County gasoline dispensing facilities from the Stage II vapor recovery requirements of the air pollution control regulations.
- 94-338 Gas & Grub, Inc. v. IEPA - Upon receipt of an Agency recommendation, the Board granted this Kane County gasoline dispensing facility a 45-day provisional variance from the Stage II vapor recovery requirements of the air pollution control regulations.
- 94-339 Michael Oil Company v. IEPA - Upon receipt of an Agency recommendation, the Board granted this Will County gasoline dispensing facility a 45-day provisional variance from the Stage II vapor recovery requirements of the air pollution control regulations.
- 94-340 Hertz Rent-A-Car v. IEPA - Upon receipt of an Agency recommendation, the Board granted this Cook County gasoline dispensing facility a 45-day provisional variance from the Stage II vapor recovery requirements of the air pollution control regulations.
- 94-341 Car Care Center v. IEPA - Upon receipt of an Agency recommendation, the Board granted this McHenry County gasoline dispensing facility a 45-day provisional variance from the Stage II vapor recovery requirements of the air pollution control regulations.
- 94-342 Harvard Union 76 #197 v. IEPA - Upon receipt of an Agency recommendation, the Board granted this McHenry County gasoline dispensing facility a 45-day provisional variance from the Stage II vapor recovery requirements of the air pollution control regulations.
- 94-343 North Chicago Union 76 v. IEPA - Upon receipt of an Agency recommendation, the Board granted this Cook County gasoline dispensing facility a 45-day provisional variance from the Stage II vapor recovery requirements of the air pollution control regulations.
- 94-344 A & A Kwik Mart #9 v. IEPA - Upon receipt of an Agency recommendation, the Board granted this Lake County gasoline dispensing facility a 45-day provisional variance from the Stage II vapor recovery requirements of the air pollution control regulations.
- 94-345 Kwik Pantry Stores, County Pantry, Inc. v. IEPA - Upon receipt of an Agency recommendation, the Board granted this Lake County gasoline dispensing facility a 45-day provisional variance from the Stage II vapor recovery requirements of the air pollution control regulations.
- 94-346 Mundelein Service, Inc. v. IEPA - Upon receipt of an Agency recommendation, the Board granted this Lake County gasoline dispensing facility a 45-day provisional variance from the Stage II vapor recovery requirements of the air pollution control regulations.
- 94-347 Amoco Oil Company v. IEPA - Upon receipt of an Agency recommendation, the Board granted the petitioner a 45-day provisional variance for six of its gasoline dispensing facilities located in Cook and Will Counties from the Stage II vapor recovery requirements of the air pollution control regulations.
- 94-348 GO-tane v. IEPA - Upon receipt of an Agency recommendation, the Board granted the petitioner a 45-day provisional variance for three of its gasoline dispensing facilities located in Cook and Will Counties from the Stage II vapor recovery requirements of the air pollution control regulations.
- 94-349 Federal Express v. IEPA - Upon receipt of an Agency recommendation, the Board granted

the petitioner a 45-day provisional variance for three of its gasoline dispensing facilities located in Cook and McHenry Counties from the Stage II vapor recovery requirements of the air pollution control regulations.

94-350 Clark Refining and Marketing, Inc. v. IEPA - Upon receipt of an Agency recommendation, the Board granted the petitioner a 45-day provisional variance for 42 of its gasoline dispensing facilities located in Cook, DuPage, Kane, Lake, McHenry, and Will Counties from the Stage II vapor recovery requirements of the air pollution control regulations.

94-351 The UNO-VEN Company v. IEPA - Upon receipt of an Agency recommendation, the Board granted this Cook County gasoline dispensing facility a 45-day provisional variance from the Stage II vapor recovery requirements of the air pollution control regulations.

94-352 Marathon Oil Company v. IEPA - Upon receipt of an Agency recommendation, the Board granted this Cook County gasoline dispensing facility a 45-day provisional variance from the Stage II vapor recovery requirements of the air pollution control regulations.

94-353 Alamo Rent-A-Car, Inc. v. IEPA - Upon receipt of an Agency recommendation, the Board granted this Cook County gasoline dispensing facility a 45-day provisional variance from the Stage II vapor recovery requirements of the air pollution control regulations.

94-354 Denny's Standard Service v. IEPA - Upon receipt of an Agency recommendation, the Board granted this Lake County gasoline dispensing facility a 45-day provisional variance from the Stage II vapor recovery requirements of the air pollution control regulations.

94-355 Pettice Auto Electric v. IEPA - Upon receipt of an Agency recommendation, the Board granted this Cook County gasoline dispensing facility a 45-day provisional variance from the Stage II vapor recovery requirements of the air pollution control regulations.

94-356 Oak Park and Madison 76 v. IEPA - Upon receipt of an Agency recommendation, the Board granted this Cook County gasoline

dispensing facility a 45-day provisional variance from the Stage II vapor recovery requirements of the air pollution control regulations.

94-357 Marcley's v. IEPA - Upon receipt of an Agency recommendation, the Board granted this Kane County gasoline dispensing facility a 45-day provisional variance from the Stage II vapor recovery requirements of the air pollution control regulations.

94-358 Go For It v. IEPA - Upon receipt of an Agency recommendation, the Board granted this Cook County gasoline dispensing facility a 45-day provisional variance from the Stage II vapor recovery requirements of the air pollution control regulations.

94-359 Ted's Mini Mart v. IEPA - Upon receipt of an Agency recommendation, the Board granted this Lake County gasoline dispensing facility a 45-day provisional variance from the Stage II vapor recovery requirements of the air pollution control regulations.

94-360 Bartlett Union 76 #172 - Upon receipt of an Agency recommendation, the Board granted this Cook County gasoline dispensing facility a 45-day provisional variance from the Stage II vapor recovery requirements of the air pollution control regulations.

94-361 Beach Park Union 76 #73 - Upon receipt of an Agency recommendation, the Board granted this Lake County gasoline dispensing facility a 45-day provisional variance from the Stage II vapor recovery requirements of the air pollution control regulations.

94-362 Gas Stop v. IEPA - The Board granted the Agency's motion to withdraw its recommendation for a provisional variance from the Stage II vapor recovery requirements of the air pollution control regulations for this Cook County facility.

94-363 Berkley Auto Service v. IEPA - Upon receipt of an Agency recommendation, the Board granted this Cook County gasoline dispensing facility a 45-day provisional variance from the Stage II vapor recovery requirements of the air pollution control regulations.

94-364 Bruce's Mobil v. IEPA - Upon receipt of an Agency recommendation, the Board granted this McHenry County gasoline dispensing

- facility a 45-day provisional variance from the Stage II vapor recovery requirements of the air pollution control regulations.
- 94-365 Alden Quick Mart v. IEPA - Upon receipt of an Agency recommendation, the Board granted this McHenry County gasoline dispensing facility a 45-day provisional variance from the Stage II vapor recovery requirements of the air pollution control regulations.
- 94-366 Illinois Petroleum Marketers Assn. v. IEPA. - Upon receipt of an Agency recommendation, the Board granted the petitioner a 45-day provisional variance for sixty-four (64) of its members' gasoline dispensing facilities located in Cook, DuPage, Kane, Lake, McHenry, and Will Counties from the Stage II vapor recovery requirements of the air pollution control regulations.
- 94-367 Illinois Central Railroad v. IEPA - Upon receipt of an Agency recommendation, the Board granted the petitioner a 45-day provisional variance from the NPDES permit requirements for the temporary discharge of treated contaminated groundwater from its Franklin County facility.
- 94-368 Borden Chemicals and Plastics, Operating Limited Partnership v. IEPA - Upon receipt of an Agency recommendation, the Board granted the petitioners a 45-day extension of a prior provisional variance granted October 20, 1994 in PCB 94-300 from the biochemical oxygen demand and suspended solids effluent requirements of the water pollution control regulations, to allow its Sangamon County facility to continue to discharge during a period of treatment plant malfunction.
- AC 94-36 Sangamon County v. Edward Combs - The Board vacated an August 11, 1994 default order, accepted a stipulated agreement, entered a default order finding the Sangamon County respondent had violated Section 21(p)(3) of the Act, and ordered him to pay a civil penalty of \$500.00.
- AC 94-83 Wayne County Health Department v. Alma D. Kurtz - The Board entered a default order, finding that this Wayne County respondent had violated Section 21(p)(1) of the Act and ordering her to pay a civil penalty of \$500.00.
- AC 94-84 Sangamon County v. Milton Tennant - The Board entered a default order, finding that the Sangamon County respondent had violated Section 21(p)(1) of the Act and ordering him to pay a civil penalty of \$500.00.
- AC 94-85 County of Vermilion v. Brickyard Disposal and Recycling, Inc. - The Board entered a default order, finding that the Vermilion County respondent had violated Section 21(o)(5) of the Act and ordering it to pay a civil penalty of \$500.00.
- AC 94-86 County of DuPage v. Herman "Pete" Petersdorf - The Board entered a default, order finding that the DuPage County respondent had violated Section 21(p)(1) of the Act and ordering him to pay a civil penalty of \$500.00.
- AC 94-87 Williamson County, Solid Waste Management v. Bill Baize - The Board entered a default order, finding that the Williamson County respondent had violated Section 21(p)(1) and 21(p)(4) of the Act and ordering him to pay a civil penalty of \$1,000.00.
- AC 94-89 IEPA v. Joe Perry - The Board granted voluntary withdrawal of this administrative citation filed against a Cook County facility.
- AS 94-1 In the Matter of: Petition of Illinois Wood Energy Partners, L.P. for an Adjusted Standard From 35 Ill. Adm. Code 807 or, in the Alternative, a Finding of Inapplicability - The Board found that this proposed Cook County facility would be a solid waste management facility, as defined by the Act and Board regulations; as a result of Wood Energy not filing an amended petition the Board dismissed this petition for an adjusted standard from certain of the land pollution control (landfill) permit regulations. Board Member G. Tanner Girard concurred. Board Member Joseph Yi abstained.
- AS 94-9 In the Matter of: Petition of the City of Springfield, Office of Public Utilities for an Adjusted Standard From 35 Ill. Adm. Code 302.208(e) - The Board granted this Sangamon County respondent an adjusted standard, with conditions, from certain of the water pollution control effluent regulations, as they would limit the facility's boron discharges.
- AS 94-11 In the Matter of: Petition of Winnebago Reclamation Service, Inc. for an Adjusted Standard From 35 Ill. Adm. Code 811.710(c) and 811.713(c)(1) - The Board granted this

Winnebago County facility an adjusted standard from certain of the financial assurance requirements of the land pollution control (landfill) regulations.

R94-19 In the Matter of: Enhanced Vehicle Inspec-

R94-20

and Maintenance (I/M) Regulations Amendments to 35 Ill. Adm. Code 240 - See Rule-making Update.

In the Matter of: Enhanced Vehicle Inspection and Maintenance (I/M) Regulations, Amendments to 35 Ill. Adm. Code 240 - See Rulemaking Update.

NEW CASES - December 1, 1994 BOARD MEETING

94-281 Resourceful Environmental Ideas v. IEPA - See Final Actions.

94-326

People of the State of Illinois v. Village of Davis - Upon receipt of a proposed stipulation and settlement agreement and an agreed motion to request relief from the hearing requirement in this water enforcement action against a Stephenson County facility, the Board ordered publication of the required newspaper notice.

94-311 Boyd Brothers, Inc. v. Abandoned Mined Lands Reclamation Council - The Board accepted this citizen's water enforcement action against a Williamson County facility for hearing and granted complainant's motion to consolidate this matter with PCB 94-275.

94-327

Certified Performer, Inc. d/b/a Keith's Union 76 v. IEPA - The Board accepted this petition for a variance for a Kendall County facility from the Stage II vapor recovery requirements of the air pollution control regulations for hearing.

94-321 Emro Marketing Company (Romeoville facility) v. IEPA - The Board accepted this petition for an variance for a Will County facility from the Stage II vapor recovery requirements of the air pollution control regulations for hearing.

94-328

W.R. Grace & Co. - Conn. v. IEPA - The Board accepted this petition for a variance from certain of the air pollution control regulations involving a Cook County facility for hearing.

94-322 Emro Marketing Company (Monee facility) v. IEPA - The Board accepted this petition for an variance for a Will County facility from the Stage II vapor recovery requirements of the air pollution control regulations for hearing.

94-329

Billy Turner and Marilyn Turner v. Golden Cat Corporation - The Board held this citizen's noise enforcement action against a Pulaski County facility for a frivolous and duplicitous determination.

94-323 Safety-Kleen Corporation (Caseyville Service Center) v. IEPA - The Board accepted this RCRA Subtitle C (hazardous waste) facility permit appeal involving a St. Clair County facility for hearing.

94-330

Safety-Kleen Corporation (Pekin Service Center) v. IEPA - The Board accepted this land permit appeal involving a Tazewell County facility for hearing.

94-324 Safety-Kleen Corporation (Urbana Service Center) v. IEPA - The Board accepted this petition for a RCRA Subtitle C (hazardous waste) facility permit appeal involving a Champaign County facility for hearing.

(b) - The Board accepted this petition for a Madison County facility for an adjusted standard from certain of the combined sewer overflow requirements of the water pollution control regulations for hearing.

Metropolis and the IEPA for an Adjusted Standard From 35 Ill. Adm. Code 304 for Suspended Solids, BOD₅ and Ammonia Nitrogen - The Board held this petition of an adjusted standard for a Massac County facility from certain of the water pollution control wastewater effluent regulations.

AS 94-17 In the Matter of: Joint Petition of the City of

R94-30 In the Matter of: Petition of Commonwealth Edison Company for Site-Specific Regulation for Existing Landfills and Units: 35 Ill. Adm. Code 811 through 914 - See Rulemaking Update.

FINAL ACTIONS - December 14, 1994 BOARD MEETING

85-166 Citizens Utilities Company of Illinois v. IEPA - The Board granted voluntary withdrawal of this NPDES permit appeal involving a Will County facility, to facilitate implementation of a settlement reached in certain federal court litigation with the U.S. EPA.

determination appeal involving a McHenry County facility.

94-135 People of the State of Illinois v. Reliable Sand and Gravel, Inc. - The Board accepted a stipulation and settlement agreement in this air enforcement action against a McHenry County facility, ordered the respondent to pay a civil penalty of \$10,000.00, and ordered it to cease and desist from further violation.

92-175 Olin Corporation (East Alton Facilities) v. IEPA - The Board granted voluntary dismissal of this RCRA Subtitle C (hazardous waste) facility permit appeal involving a Madison County facility.

94-227 Western Lion Limited v. IEPA - The Board granted voluntary dismissal of this land permit appeal involving a Coles County facility.

92-178 John Zarlenga and Jean Zarlenga v. John Hancock Mutual Life Insurance Company and Lincoln Eastern Management Corporation - The Board granted voluntary dismissal of this citizens' notice enforcement action against a DuPage County facility.

94-257 Waste Professionals, Inc. d/b/a Pekin Metro Landfill v. IEPA - The Board granted voluntary dismissal of this land variance proceeding involving a Tazewell County facility.

93-161 Joseph A. Schrantz, Charles Hullihan, and Elizabeth Stearns v. Village of Villa Park, Villa Park Rotary Club, Villa Park Kiwanis Club, and Villa Park Masonic Lodge - The Board found that respondents had not violated the Act or the Board regulations in this citizens noise enforcement action against a DuPage County facility, dismissing the complaint.

94-325 People of the State of Illinois v. Pierce and Stevens Corporation - The Board accepted a stipulation and settlement agreement in this air enforcement action against a DuPage County facility, ordered the respondent to pay a civil penalty of \$6,000.00, and ordered it to cease and desist from further violation.

94-43 American Tree Service, Inc. v. IEPA - The Board granted summary judgment in favor of the Agency in this open burning permit appeal, finding that landscape waste is "waste" and that local siting approval was required for this proposed Sangamon County facility.

94-326 People of the State of Illinois v. Village of Davis - The Board accepted a stipulation and settlement agreement in this water enforcement action against a Stephenson County facility, ordered the respondent to pay a civil penalty of \$600.00, and ordered it to cease and desist from further violation.

94-124 Boncosky Oil Company v. IEPA - The Board granted voluntary dismissal of this underground storage tank reimbursement

94-379 Petro Plus, Inc. v. IEPA - Upon receipt of an Agency recommendation, the Board granted

- this Cook County gasoline dispensing facility a 45-day provisional variance for from the Stage II vapor recovery requirements of the air pollution control regulations.
- 94-381 Amoco Research Center v. IEPA - Upon receipt of an Agency recommendation, the Board granted a 30-day provisional variance from the ninety 90-day limitation on the accumulation of hazardous wastes at this DuPage County facility.
- AC 94-7 Williamson County Solid Waste Management v. Gerald Baltzell - The Board vacated a March 31, 1994 default order and granted voluntary dismissal of this administrative citation involving a Williamson County facility. Board Member J. Yi abstained.
- AC 94-20 County of DuPage v. Waste Management of Illinois - The Board found that the County failed to prove that a violation had occurred, dismissing this administrative citation involving a DuPage County facility.
- AC 94-93 County of LaSalle v. Michael Mrowicki - The Board entered a default order, finding the respondent had violated Section 21(p)(1), 21(p)(4), and 21(p)(6) of the Act at its LaSalle County facility and ordering it to pay a civil penalty of \$1500.00.
- AS 94-10 In the Matter of: Petition of Envirite Corporation For an Adjusted Standard From 35 Ill. Adm. Code 721, Subpart D: List of Hazardous Substances, Appendix I - The Board granted this Cook County facility an adjusted standard delisting a hazardous waste, subject to conditions.
- AS 94-13 In the Matter of: Petition of Browning-Ferris Industries of Illinois, Inc.; Browning-Ferris Industries of Iowa, Inc.; and, BFI Modern Landfill, Inc. for an Adjusted Standard From 35 Ill. Adm. Code Section 811.714(b) - The Board denied the request for an adjusted standard for five facilities located in Lake, Ogle, Rock Island, St. Clair, and DuPage Counties from the certain of the financial assurance requirements of the Illinois land pollution control (landfill) regulations.

NEW CASES - December 14, 1994 BOARD MEETING

- 94-329 Billy Turner and Marilyn Turner v. Golden Cat Corporation - The Board accepted this citizen's noise enforcement action against a Pulaski County facility for hearing.
- 94-369 People of the State of Illinois v. Landfill 33 Ltd. - The Board accepted this land enforcement action against an Effingham County facility for hearing.
- 94-370 The Dow Chemical Company (Dow Joliet Site) v. IEPA - The Board accepted this petition for a Will County facility for a variance from certain of the air pollution control regulations for hearing.
- 94-371 City of Elgin v. IEPA - The Board held this water well setback exception petition for a facility located Kane and Cook County.

Illinois Environmental Protection Agency

Division of Public Water Supplies

Restricted Status List -- Public Water Supplies

The Restricted Status List was developed to give additional notification to officials of public water supplies which are in violation of 35 Ill. Adm. Code, Subtitle F: Public Water Supplies, Chapter I or the Illinois Environmental Protection Act.

The Restricted Status List will include all Public Water Supplies for which the Agency has information indicating a violation of any of the following requirements: Finished water quality requirements of 35 Ill. Adm. Code, Part 604, Subparts B and C; maintenance of adequate pressure on all parts of the distribution system under all conditions of demand; meeting raw water quantity requirements of 35 Ill. Adm. Code 604.502; or maintenance of treatment facilities capable of providing water "assuredly adequate in quantity" as required by Section 18 of the Illinois Environmental Protection Act.

A public water supply on the Restricted Status List will not be issued permits for water main extensions, except for certain limited situations, or unless the supply has been granted a variance from the Illinois Pollution Control Board for the violation, or from permit issuance requirements of Section 39 of the Act.

This list is continually being revised as new information becomes available, and therefore, specific inquiries as to the status of any public water supply should be directed to the Division of Public Water Supplies for final determination. This list reflects the status as of January 1, 1995.

- * Indicates public water supplies which have been added to the list since the previous publication.
- ** Indicates act ions are being taken by officials to bring the public water supply into compliance.

Illinois Environmental Protection Agency

Division of Public Water Supplies

Critical Review List -- Public Water Supplies

The Critical Review List was developed to give additional notification to officials of public water supplies which may be close to being in violation of 35 Ill. Adm. Code, Subtitle F: Public Water Supplies, Chapter I or the Illinois Environmental Protection Act.

A supply will be placed on the Critical Review List when Agency records indicate that it is approaching any of the violations which would place it on the Restricted Status List.

This list is continually being revised as new information becomes available, and therefore, specific inquiries as to the status of any public water supply should be directed to the Division of Public Water Supplies for final determination. This list reflects the status as of January 1, 1995.

- * Indicates public water supplies which have been added to the list since the previous publication.
- ** Indicates actions are being taken by officials to bring the public water supply into compliance.

 Davis (Stephenson Co. - 1770150)

Printed by Authority of the State of Illinois, January, 1995, 2,000 copies, order #57701.

The Illinois Pollution Control Board is an independent seven member board which adopts the environmental control standards for the State of Illinois and rules on enforcement actions and other environmental disputes. The Board Members are:

Claire A. Manning, Chairman
Springfield, Illinois

Emmett E. Dunham II
Elmhurst, Illinois

Ronald C. Flemal
DeKalb, Illinois

G. Tanner Girard
Grafton, Illinois

Marili McFawn
Palatine, Illinois

J. Theodore Meyer
Chicago, Illinois

Joseph Yi
Park Ridge, Illinois

The Environmental Register is a newsletter published by the Board monthly. The Register provides updates on rulemakings and other information, lists final actions, and contains the Board's hearing calendar. The Register is provided free of charge.
