v.)	(Variance)
)	
ILLINOIS ENVIRONMENTAL)	
PROTECTION AGENCY,)	
)	
Respondent.)	

ORDER OF THE BOARD (by G. T. Girard):

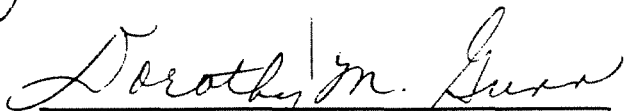

On February 1, 1993, the Board received a status report filed by the petitioner. The status report indicates that the petitioner has spoken with the Illinois Environmental Protection Agency (Agency) and the Agency intends to file its recommendation on or before March 1. The petitioner indicates that it has no objection to this schedule.

On February 3, 1993, the Board received a status report from the Agency. The Agency indicated that it has reviewed the filing by petitioner and will file its recommendation within 30 days. Therefore, the Board directs the Agency to file its recommendation to be received by the Board not later than March 3, 1993.

This petition for variance was filed on June 15, 1992 and the matter was set for hearing. In the Board's order setting the matter for hearing the Board asked the Agency to specifically address the issue as to whether this variance was a request for a RCRA variance. In response to the Board's inquiry, the Agency states that it "is uncertain about the answer to this question and asks the Board for direction on whether the Agency should treat this variance as a RCRA variance". The Board will continue to treat this as a RCRA variance request.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, do hereby certify that the above order was adopted on the 4th day of February, 1993, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
