ORDER OF THE BOARD (by C. A. Manning):

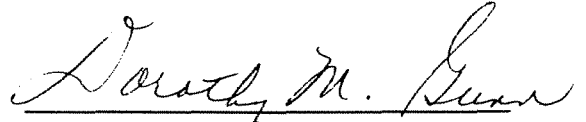

This matter is before the Board on a status report filed July 27, 1994 by the Petitioner, Olin Corporation (Olin), pursuant to a March 3, 1994 Board Order. The parties have agreed on a means of resolving this RCRA permit appeal and are currently pursuing permit modification and an amendment to the Part B application to conform to the most recent Agency Guidance document, incorporating all modifications since the permit was filed in November, 1990.

In the July 27, 1994 status report Olin indicated that on March 25, 1994, Olin submitted its revised Part B Permit application to the Illinois Environmental Protection Agency (Agency), which the Agency is currently reviewing. Olin also noted that the parties expect any remaining issues to be resolved by mutual agreement after review of the permit modification request and revised permit application, resulting in issuance of a final permit and dismissal of this appeal.

The Board accepts the status report and notes that a decision deadline waiver until May 1, 1995 has been filed. Accordingly, the Board directs the parties to file a status report either on or before November 17, 1994, or within 14 days after the final Part B permit is issued, whichever comes first.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 17th day of August, 1994, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
