ORDER OF THE BOARD (by J. Anderson):

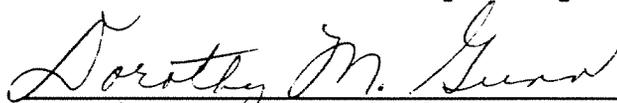

On June 28, 1991, Bloomingdale Partners, an Illinois Limited Partnership, Howard Edison, Bruce McClaren, and Gary Laken ("respondents") filed a motion for extension of time in which to comply with the Board's May 9, 1991 Interim Opinion and Order. John and Jean Zarlenga ("Zarlenga") have not filed a response to the motion.

In their motion, respondents ask that the Board grant them an additional 60 days (from July 30, 1991 until September 30, 1991) to submit to the Board and the Zarlengas a report on the methods of reducing or eliminating the noise pollution emitted from One Bloomingdale Place. In support of their motion, respondents state that Bloomingdale Partners filed for voluntary reorganization under Chapter 11 of the United States Bankruptcy Code in the Northern District of Illinois on May 30, 1991, and argue that the reorganization proceedings will delay compliance with the Board's May 9, 1991 Order. Specifically, respondents note that Bloomingdale Partners must petition the Court to secure approval for the retention of and payment to an expert to investigate the sound emissions from One Bloomingdale Place and draft the report, and that the Court must approve any proposed remedial activity and expenditures as well as the retention of an attorney to continue to represent the respondents in future Board proceedings.

In light of the above, the Board grants the motion. Respondents are directed to file their report with the Board and the Zarlengas no later than September 30, 1991.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that on the 11th day of July, 1991, the above Order was adopted by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
