Respondent.)	

ORDER OF THE BOARD (by M. Nardulli):

This matter comes before the Board on Allied-Signal Inc.'s (Allied) motion for extension of time to file chronic test report filed on February 14, 1991. The Agency has not filed a response to Allied's motion.

Allied seeks an extension of time to and including May 15, 1991 to file a report detailing the results of certain chronic toxicity testing required by the Board's November 2, 1989 variance order as modified by the Board's order of December 20, 1990. Allied states in its motion that the amended variance order does not specify a date by which the report must be filed, but recognizes that the report "would have to be filed on or before February 17, 1991, the date which the variance expires." As noted by Allied, this variance expired on February 17, 1991. To the extent that the chronic toxicity report must be filed as set forth in the amended variance order, the Board hereby grants Allied's motion for extension of time to file this report to and including May 15, 1991. The report shall be filed with the Agency. However this order in no way extends the termination date of the variance.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 28th day of February, 1991 by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
