## GOVERNOR SIGNS SUBTITLE D LANDFILL COMPLIANCE EXTENSION

On April 30, 1994, the Governor signed Public Act 88-540 (formerly Senate Bill 405) into law. This amended Section 22.40(c) of the Environmental Protection Act, effective upon the signing, to extend the deadline by which smaller landfills that continue accepting flood debris may continue operating without having to meet the new stricter RCRA Subtitle D requirements. The new deadline by which these landfills must either cease accepting waste or comply with the Subtitle D standards is October 8, 1994.

U.S. EPA adopted the RCRA Subtitle D requirements for municipal solid waste landfills (MSWLFs) on October 9, 1991. The original federal compliance deadline was to have been October 9, 1993. On that date, all MSWLFs were to have complied with the new federal minimum standards. The General Assembly enacted P.A. 88-496, which the Governor signed effective September 13, 1993. P.A. 88-496 codified the federal compliance deadline of October 9, 1993. This meant that existing landfills accepting municipal solid waste were to have ceased accepting waste by October 8, 1993, or they were to have complied with the federal standards. (See issue 475, Oct. 6, 1993.)

However, U.S. EPA amended its rules October 1, 1993 to allow certain states that were impacted by the flooding of the Mississippi River and its tributaries, including Illinois, to extend the Subtitle D compliance deadline by up to 1 year for smaller landfills (those accepting less than 100 tons of waste per day) if the State determined that the continued operation of such landfills was needed to accept flood debris. In response to U.S. EPA's action, Illinois enacted Public Act 88-512 on November 16, 1993, retroactive to October 9, 1993, to extend the compliance deadline for smaller landfills until April 9, 1994. (See issue 477, Dec. 1, 1993.)

P.A. 88-540, the latest action, simply provides a second extension until the latest federal compliance deadline. It allows the smaller landfills accepting flood waste to continue operating through October 8, 1994 without complying with the federal standards. Unlike the first compliance deadline extension, the deadline extension contained in P.A. 88-540 is not retroactive to April 9, 1994. Rather, it became effective April 30, 1994, when the Governor signed it into law. (Editor's Note: As of this writing, the Board had an emergency rule on its May 5, 1994 meeting agenda that would amend the Subtitle D requirements to reflect the statutory extension.)

## U.S. EPA APPROVES ILLINOIS SUBTITLE D LANDFILL REGULATIONS

U.S. EPA approved the Illinois RCRA Subtitle D landfill regulations by a letter dated April 14, 1994. That letter signifies the transition from direct implementation of the federal landfill regulations in Illinois to implementation of the Illinois regulations based on the minimum federal standards.

The Board adopted amendments to the existing landfill regulations on September 15 and revised them on December 16, 1993. Those amendments, adopted by identical-in-substance procedures and mandated by Section 22.40 of the Environmental Protection Act, were intended to make the Illinois landfill regulations comport with the minimum federal standards of 40 CFR 258. (See issues 475, Oct. 6, 1993 & 478, Jan. 1, 1994.) Section 22.41 of the Act provided that the Illinois EPA was to directly implement the standards of federal part 258 until U.S. EPA granted its approval to the Illinois municipal solid waste landfill program and the Board-adopted rules were reviewed by U.S. EPA. The April 14, 1994 letter from U.S. EPA Region 5 stated that Region 5 had reviewed the Illinois landfill regulations as amended and that it considered them "at least as stringent as the U.S. EPA 40 Code of Federal Regulations Part 258 (Municipal Solid Waste Landfill criteria)." It concluded: "Consequently, the U.S. EPA has completed its review of the amended Board rules."

ENVIRONMENTAL INFORMATION SERVICES  
AVAILABLE FROM THE BOARD

The Board has the following information available:

**POLLUTION CONTROL BOARD ELECTRONIC BULLETIN BOARD SYSTEM (BBS).** The Pollution Control Board operates an electronic BBS at 312-814-1590. The BBS is available 24 hours a day, 7 days a week, to anyone with access to a computer and a modem - there is no charge for access to the BBS. The best communications settings are 8 data bits (or data length 8), no parity (or parity = none) and 1 stop bit, i.e., 8-N-1. The best terminal emulation is ANSI-BBS or just ANSI. The BBS contains Board Agendas, Environmental Registers, Annual Reports, and various documents about the Board. You may download these documents to your computer. For additional information contact Don Brown at the Board Offices 312-814-3461.

**SUBSCRIPTION SERVICE OF BOARD OPINIONS AND ORDERS.** The subscription service comprises all the Opinions and Orders issued by the Pollution Control Board in a fiscal year (July 1 through June 30). The Board meets approximately twice monthly in order to issue Opinions and Orders. Usually no later than the end of each month, a volume is issued containing the Opinions and Orders of the Board from the preceding month.

**HARD COPIES OF BOARD OPINIONS AND ORDERS FOR FISCAL YEAR 1993 (July 1, 1992 through June 30, 1993) ARE AVAILABLE FOR IMMEDIATE DELIVERY.** The cost is \$350.00 per set.

Two formats are offered starting July 1 of last year (FY93): a hard paper copy for \$350.00 per year and an electronic version for \$275.00 per year. The electronic version will consist of Opinions and Orders in the WordPerfect 5.1 format on either 3.5" or 5.25" inch diskettes. The electronic format will allow for word searches and other useful tools provided by the WordPerfect software.

When ordering, please specify the choice of either the hard copy or electronic version. If ordering the electronic version, please specify 3.5" or 5.25" diskettes.

**FOR YOUR INFORMATION**

**RESTRICTED STATUS AND CRITICAL REVIEW  
LISTS FOR SEWAGE TREATMENT IN THIS ISSUE**

The Illinois Environmental Protection Agency, Division of Water Pollution Control, is publishing copies of the Division's Restricted Status and Critical Review lists at the end of this issue of the Environmental Register. These lists reflect the status as of March 31, 1994.

**CORRECTIONS**

In issues 470 (May 19, 1993), at page 4, column 2, and 481 (Apr., 1994), at page 2, column 2, we incorrectly attributed the decision in Grigoleit Co. v. PCB (4th Dist. 1993), 245 Ill. App. 3d 337, 613 N.E.2d 371, to the Fifth District Appellate Court. We should have properly cited the Fourth District, as we did in issue 475 (Oct. 6, 1993), at page 8, column 1.

**FINAL ACTIONS - April 21, 1994 BOARD MEETING**

- 92-163 DJM Oil Company, Inc. v. IEPA - The Board granted voluntary dismissal of this underground storage tank reimbursement appeal involving a Franklin County facility.
- 92-172 Olin Corporation (Winchester Division) v. IEPA - The Board granted voluntary dismissal of this air variance petition involving a Madison County facility.
- 92-184 Braun's Standard Service v. IEPA - The Board granted voluntary dismissal of this underground storage tank reimbursement appeal involving a Perry County facility.
- 92-214 Legg and Sons Oil Company, Inc. v. IEPA - The Board granted voluntary dismissal of this underground storage tank reimbursement appeal involving a Wayne County facility.
- 93-44 James M. Tonne and Jeanine F. Tonne v. Leamington Foods - The Board found that it was unable to grant the requested relief because the respondent no longer occupied the building and the offending equipment was no longer in operation, so it dismissed this citizens' noise enforcement action against a DuPage County facility as frivolous.
- 93-65 Albert Warner v. Warner Bros. Trucking,

- Inc. and Urbana & Champaign Sanitary District - The Board found that the Urbana and Champaign Sanitary District violated conditions of its permit for land application of sewage sludge in this citizen's land enforcement action involving a Champaign County facility; the Board found that Warner Bros. Trucking, Inc. had committed no violation, so it dismissed this action as to that respondent. Board Member G. T. Girard concurred.
- 93-215 Marvin Damron v. IEPA and Tomahawk Group, Inc. - The Board affirmed the Agency's issuance of an NPDES permit in this third party NPDES permit appeal involving a Henry County facility.
- 93-260 Glenbard Wastewater Authority v. IEPA - The Board granted this DuPage County facility a six-month variance from certain of the water pollution control regulations relating to maximum effluent fecal coliform and total residual chlorine contents, subject to conditions.
- 94-49 Ted Horton Chevrolet-Oldsmobile-Geo, Inc. v. IEPA - The Board construed petitioner's request to withdraw its request for a hearing as a motion to dismiss and granted voluntary dismissal of this underground storage tank reimbursement appeal involving a Cook County facility.
- 94-51 Rodney B. Nelson, III, M.D. v. Kane County, Kane County Board and Waste Management of Illinois, Incorporated - The Board dismissed

this third party landfill siting appeal involving a proposed Kane County facility. (Formerly consolidated with PCB 94-58.)

94-128 City of Shelbyville v. IEPA - Upon receipt of an Agency recommendation, the Board

granted this Shelby County facility a 45-day provisional variance from the biochemical oxygen demand (BOD) and the suspended solids (TSS) effluent requirements during a period of plant repairs.

94-129 Village of Swansea v. IEPA - Upon receipt of an Agency recommendation, the Board granted this St. Clair County petitioner a 45-day provisional variance from the fecal coliform effluent limitation during a period of plant construction.

94-130 Stewart Warner v. IEPA - Upon receipt of an Agency recommendation, the Board granted a 30-day provisional variance from the 90-day limitation on accumulation of hazardous wastes at this Cook County facility.

AC 94-11 Sangamon County v. ESG Watts, Inc. - The Board entered a default order, finding that this Sangamon County respondent had violated Section 21(o)(5) and 21(o)(12) of the Act and ordering it to pay a civil penalty of \$1000.00.

R93-16 In the Matter of: RCRA Update, USEPA Regulations (January 1, 1993 through June 30, 1993) - See Rulemaking Update.

 DIVISION OF WATER POLLUTION CONTROL  
 RESTRICTED STATUS LIST

In order to comply with 35 Illinois Administrative Code Section 306.401 Illinois Pollution Control Board Regulations, the Illinois EPA has prepared the following list of facilities which are on Restricted Status. Restricted Status is defined as the Agency determination that a sewer or lift station has reached hydraulic capacity or that a sewage treatment plant has reached design capacity, such that additional sewer connection permits may no longer be issued without causing a violation of the Act or Regulations. Please note that the list is continually being revised to reflect the current situation. Therefore, if you have any questions on the capability of a treatment facility or transport system, please contact this Agency for a final determination. This listing reflects the status as of March 31, 1994.

Facility names followed by an asterisk (\*) indicates that construction is underway to ultimately alleviate problems which resulted in imposition of Restricted Status. Facilities followed by a double asterisk (\*\*) are additions to the list.

 CRITICAL REVIEW LIST

In order to comply with 35 Illinois Administrative Code Section 306.401, Illinois Pollution Control Board Regulations, the Illinois Environmental Protection Agency has prepared the following list of facilities which are on Critical Review. Critical Review as defined as the Agency determination that a sewer or lift station is approaching hydraulic capacity or that a sewage treatment plant is approaching design capacity such that additional sewer connection permit applications will require close scrutiny to determine whether issuance would result in a violation of the Act or Regulations. Please note that these lists are continually being revised to reflect the current situation. Therefore, if you have any questions on the capability of a treatment facility or transport system, please contact the Agency for a final determination. This listing reflects the status as of March 31, 1994.

Facility names followed by a double asterisk are additions to the list.

ENVIRONMENTAL INFORMATION SERVICES  
AVAILABLE FROM THE BOARD

The Board has the following information available:

**POLLUTION CONTROL BOARD ELECTRONIC BULLETIN BOARD SYSTEM (BBS).** The Pollution Control Board operates an electronic BBS at 312-814-1590. The BBS is available 24 hours a day, 7 days a week, to anyone with access to a computer and a modem - there is no charge for access to the BBS. The best communications settings are 8 data bits (or data length 8), no parity (or parity = none) and 1 stop bit, i.e., 8-N-1. The best terminal emulation is ANSI-BBS or just ANSI. The BBS contains Board Agendas, Environmental Registers, Annual Reports, and various documents about the Board. You may download these documents to your computer. For additional information contact Don Brown at the Board Offices 312-814-3461.

**SUBSCRIPTION SERVICE OF BOARD OPINIONS AND ORDERS.** The subscription service comprises all the Opinions and Orders issued by the Pollution Control Board in a fiscal year (July 1 through June 30). The Board meets approximately twice monthly in order to issue Opinions and Orders. Usually no later than the end of each month, a volume is issued containing the Opinions and Orders of the Board from the preceding month.

**HARD COPIES OF BOARD OPINIONS AND ORDERS FOR FISCAL YEAR 1993 (July 1, 1992 through June 30, 1993) ARE AVAILABLE FOR IMMEDIATE DELIVERY.** The cost is \$350.00 per set.

Two formats are offered starting July 1 of last year (FY93): a hard paper copy for \$350.00 per year and an electronic version for \$275.00 per year. The electronic version will consist of Opinions and Orders in the WordPerfect 5.1 format on either 3.5" or 5.25" inch diskettes. The electronic format will allow for word searches and other useful tools provided by the WordPerfect software.

When ordering, please specify the choice of either the hard copy or electronic version. If ordering the electronic version, please specify 3.5" or 5.25" diskettes.
