Dockets: R04-12/R04-20

Dear Ms. Gunn:

These comments are in response to the proposed Clean-up Part III Amendments to 35 Ill. Adm. Code Parts 211 218, and 219 that were published in the May 27, 2005 issue of the *Illinois Register*. The Specialty Graphic Imaging Association, SGIA, representing the interests of the screen printing industry and its associated supplier base, offers the following comments in support for the amendment package.

The definitional text proposed for inclusion in new Section 211.5880, Screen Printing on Paper, accurately describes the screen printing process. We concur with the response offered by the IEPA at the hearing that the definition for "screen printing on paper" would also apply to screen printing on plastic film and foil. We also concur with the inclusion of the notes contained in Section 218.204(c) and the corresponding note in Section 219.204(c).

If you have any questions regarding our comments, please feel free to contact me directly at 703-359-1313 or by email at marcik@sgia.org.

Sincerely,

Marcia Y. Kinter
Vice President – Government Affairs
