ORDER OF THE BOARD (by M. Nardulli):

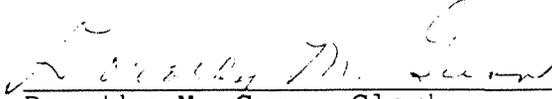

This matter comes before the Board upon a petition for review filed by Centralia from the Agency's denial of a supplemental development permit and an Operating permit. The hearing officer set a simultaneous briefing schedule requiring that briefs be filed with the Board on January 16, 1990. While the Board has received the Agency's brief it has yet to receive Centralia's brief or motion for extension of time to file its brief. Centralia did, however, file a waiver of the decision deadline to March 31, 1990.

In his hearing officer order of January 2, 1990, the hearing officer noted that Centralia "might have conflicts of schedule that would require additional time. The hearing officer advised that additional time could only be granted if Petitioner files a written waiver of the Board's decision due date...." Although the Board has received a waiver of its decision due date, the record contains no documentation of reasons for Centralia's failure to timely file its brief. Therefore, the Board directs Centralia to respond to this Order and state its reasons for the delay in filing its brief, why no motion for extension of time has been filed and the date Centralia expects to file its brief. This response should be filed no later than March 19, 1990.

Nothing in today's Order should be construed as a waiver by the Board of the possibility of sanctions or other appropriate actions as a result of the failure to meet filing deadlines.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 8<sup>th</sup> day of March, 1990, by a vote of 7-0.
