 v.) PCB 87-84
)
 ILLINOIS ENVIRONMENTAL)
 PROTECTION AGENCY,)
)
 Respondent.)

ORDER OF THE BOARD (by J. Anderson):

On August 19, 1988, the Illinois Environmental Protection Agency ("Agency") filed a motion to dismiss. On August 24, 1988, Jefferson Smurfit Corporation ("Smurfit") filed a response in opposition to the Agency's motion. On September 8, 1988, the Board ordered, in this Docket and in the related docket, PCB 88-112, that the parties simultaneously brief the following issues in this matter:

1. Whether the proceeding Alton Packaging Corporation v. IEPA, PCB 85-146, currently pending in the United States Supreme Court, has sufficient nexus with the instant proceeding to remove the Board's jurisdiction to act here?; and
2. If the Board does have jurisdiction to act, whether the theory articulated in Caterpillar Tractor Co. v. IEPA, PCB 79-180, July 14, 1983 [citing Alburn, Inc. v. IEPA, PCB 81-23] requires the Board to dismiss the permit appeal filed in PCB 88-112?

On September 22, 1988, the Agency filed its "Response To Board Order" contending, in effect, that the Board's September 8 Order requiring briefs is not necessary under its view of the case and that the Agency's Motion to Dismiss is not factually related to the issues for which briefing was ordered. The Agency's response did not, therefore, attempt to respond to the Board's Order in the form of a brief of the respective issues.

On October 17, 1988, Smurfit filed a Motion to Suspend Further Briefing on Jurisdiction; Smurfit essentially argues that the issues raised in the Board's September 8 Order are now moot,

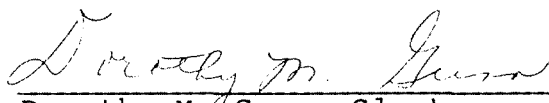

insofar as the United States Supreme court on October 11, 1988 denied Smurfit's petition for a writ of certiorari from the Board's decision in Alton Packaging Corporation v. Environmental Protection Agency, PCB 85-145 ("Alton case").

The Board notes that the denial of the writ of Certiorari in the Alton case appears, indeed, to remove the need for briefing of the first enumerated issue identified in the Board's September 8 Order. It is not clear, however, that, as Smurfit contends, the denial of the petition for writ of certiorari necessarily renders briefing of the Board's second enumerated issue a "wasted" effort. Even Smurfit acknowledges (at page 4) that "a full examination of these issues would take considerable time and resources". This being the case, it can hardly be argued that resolution of the issues are either self-evident or are adequately addressed by a single page (page 3) of the Petitioner's October 17, Motion, particularly where the Agency has not directly addressed the issue at all. The Board notes that on October 11, 1988, the Agency, in related docket PCB 88-112 did file a responsive brief; however, this brief could not and did not anticipate the denial of a writ of certiorari in the Alton case.

For the reasons stated above, the Motion by Smurfit is granted in part and denied in part: the Board's Order of September 8, 1988 is hereby amended to delete reference to the first enumerated issue. The parties are directed to file their respective briefs not later than November 14, 1988. Any reply shall be filed not later than November 28, 1988. Today's Order is not intended to impair the obligations for expeditious hearing in any way. The Board notes that no hearing date has been set by the Hearing Officer in Docket 87-84 although a hearing has been scheduled for December 7, 1988, in Docket 88-112. The Board will rule on the Agency's Motion to Dismiss by separate Order at a later date.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 20th day of October, 1988, by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
