ORDER OF THE BOARD (by B. Forcade):

At its February 4, 1988, meeting, the Board heard arguments from the parties relating to their filings of February 1, 1988, and February 2, 1988. The Board found that additional factual information is required to determine if the complained of activity meets the statutory definition of "Organized Amateur or Professional Sporting Activity," as stated at Section 3.25 of the Illinois Environmental Protection Act:

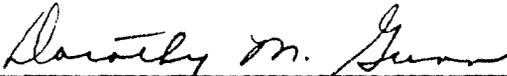

"ORGANIZED AMATEUR OR PROFESSIONAL SPORTING ACTIVITY" means an activity or event carried out at a facility by persons who engaged in that activity as a business or for education, charity or entertainment for the general public, including all necessary actions and activities associated with such an activity. This definition includes, but is not limited to, skeet, trap or shooting sports clubs in existence prior to January 1, 1975, organized motor sports, and sporting events organized or controlled by school districts, units of local government, state agencies, colleges, universities or professional sports clubs offering exhibitions to the public.

Specifically, the Board orders the parties to file, not later than Tuesday, February 16, 1988, a verified statement of facts, describing what degree of involvement the general public has with such activity and whether such activity offers exhibitions to the public.

The Board intends to rule on the pending motion to dismiss at the regularly scheduled February 25, 1988, meeting.

IT IS SO ORDERED

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 4<sup>th</sup> day of February, 1988, by a vote of 7-0.
