ILLINOIS ENVIRONMENTAL PROTECTION)
AGENCY,)
)
 Respondent.)

ORDER OF THE BOARD (by J. Anderson):

On March 20, 1989, Waste Management of Illinois, Inc. (WMI) filed a motion to extend the hearing date in this matter until after January 1, 1990, and waived the decision deadline to April 30, 1990. The Illinois Environmental Protection Agency (Agency) filed a response in support of WMI's motion on March 23, 1989.

WMI and the Agency are seeking to resolve certain closure plan issues, related to WMI's ESL site, which are the basis for this permit denial appeal. To this end, WMI has agreed to develop data and perform analyses related to the control and migration of leachate.

WMI will submit the results of its investigation/study to the Agency on October 1, 1989.

The Board grants WMI's motion. The Board recognizes, as noted by the Agency, the long history of litigation involving this site, but it is also concerned about the length of time this proceeding will be delayed. Therefore, the Board orders WMI and the Agency to file, singly or jointly, a status report no later than October 15, 1989, particularly with regard to the timeliness of the submittal of the investigation/study and its potential effect on the resolution of the issues.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 23rd day of March, 1989, by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
