An 11-count complaint in the above-captioned matter was filed on August 30, 2000. The complaint alleges that the respondent, a reclaimer of metals from foundry sand, violated specific provisions of the Environmental Protection Act (Act) (415 ILCS 5/1 *et seq.* (1998)) and the Board's hazardous waste disposal rules. The complaint alleges that the violations occurred at respondent's facility located on McCue Road, south of Illinois Highway 176 in Union, McHenry County, Illinois. The Board accepts this matter for hearing.

The Board directs that this matter proceed to hearing as expeditiously as practicable. The assigned hearing officer must set the matter for hearing in accordance with the requirements of the Act and the Board's procedural rules. Accordingly, this matter must be set for hearing within 90 days after the filing of the complaint unless the hearing officer, after appropriate consultation with the parties, determines that a later date is appropriate and that no undue delay or material prejudice in the resolution of this matter would result. See 35 Ill. Adm. Code 103.125(a). In any event, it is the responsibility of the hearing officer to guide the parties toward prompt resolution or adjudication of this matter, through whatever status calls and hearing officer orders he or she determines are necessary and appropriate.
