ORDER OF THE BOARD (by J.D. Dumelle):

This matter comes before the Board upon receipt of Petitioner's June 22, 1988, Agreed Motion To Modify Previous Board Order, filed by King-Seeley Thermos Co.

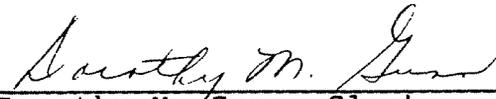

The Motion notes that in its prior Order of February 4, 1988, this Board granted King-Seeley Thermos Co. a variance from the air emission limitations set forth at 35 Ill. Adm. Code 215.204(j)(4) until June 30, 1988. The Motion states that during the period of the variance Petitioner has acted in accordance with its compliance plan and proceeded diligently to construct new painting facilities which will allow the Freeport plant to reduce its VOC emissions below the required limit.

However, delay of equipment deliveries and labor difficulties beyond King-Seeley's control have necessitated a need for extension of the original variance for an additional 45 days.

King-Seeley Thermos Company is granted an extension for 45 days of this Board's final deadline for compliance with the VOC emission limitations set forth at 35 Ill. Adm. Code 215.204(j)(4).

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 30<sup>th</sup> day of June, 1988 by a vote of 7-0.
