ORDER OF THE BOARD (by B. Forcade):

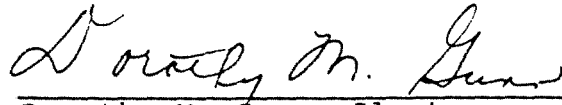

This matter comes before the Board on the May 5, 1988 Motion to File Copies Without Attachments of the Nutrasweet Company (hereinafter "Nutasweet") and Consumers Illinois Water Company (hereinafter "CIWC"). This motion was filed concurrently with the joint petition for a variance from Section 307.102(a) of the Board rules for Nutrasweet and Section 304.105 for CIWC. The motion seeks to file three copies of the petition with all attachments and six copies without attachments. The attachments are voluminous.

The Board hereby grants the petitioners leave to file only the three copies of their petition with all attachments and six copies without attachments. The Board will docket the petition without reviewing its adequacy as filed until the Board receives the Illinois Environmental Protection Agency's (hereinafter "Agency") recommendation. The Board takes preliminary notice of certain possible inadequacies in the petition without now ruling that Nutrasweet and CIWC must amend the petition before it is set for hearing. As the proposed method of achieving future compliance, the petitioners do not cite a petition for site-specific rules that is currently pending before the Board or, alternatively, outline a series of actions on a definite timetable that will lead to compliance by a date certain. The petitioners merely outline a time-table for future decisions as to what method they will employ to achieve compliance.

Leave to file is hereby granted. The petition is docketed pending receipt of the Agency's recommendation. Approval or disapproval of the petition for hearing is pending.

IT IS SO ORDERED

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 14th day of May, 1988, by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
