Respondent.)

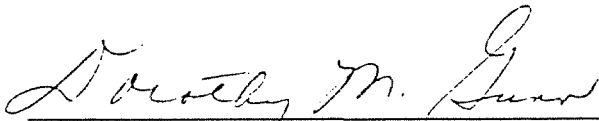

CONCURRING OPINION (by J. Theodore Meyer):

I concur with the majority order denying Waste Management's motion to reconsider because I believe that Waste Management did not present any new arguments or sufficient grounds for reconsideration. I also agree with the majority's finding that the Board took final action on Waste Management's appeal within the required time period. I continue to believe, however, that the Village of Bensenville's decision should have been reversed as against the manifest weight of the evidence. For these reasons, I concur.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Concurring Opinion was submitted on the 15th day of September, 1989.
