ORDER OF THE BOARD (by J. Marlin):

This matter comes before the Board on September 12 and 22, 1989 motions for extensions of time filed by the City of Geneva (Geneva).

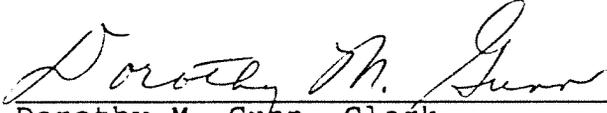

In support of its September 12 motion, Geneva states that it was unable to formulate its response by September 12 to the Illinois Environmental Protection Agency's (Agency) variance recommendation that it received on September 5. Geneva represents that the Agency has no objection to this motion. It requests an extension of the time to file its response until September 22, 1989.

In support of its September 22 motion, Geneva states that it has entered into ongoing negotiations with the Agency that are likely to settle remaining issues in this matter. Geneva represents that the Agency has no objection to this motion. Geneva also represents that it has submitted a waiver of the due date for the decision deadline in this matter until December 15, 1989. It requests an extension of the time to file its response until October 13, 1989.

The Board hereby denies Geneva's September 12 motion as moot; it is now several days past the date requested. The Board hereby grants Geneva's September 22 motion for an extension of time to file its response to the Agency's recommendation until October 13, 1989; the decision waiver until December 15 avoids potential time conflicts, and the Agency has not objected to this extension.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 28th day of September, 1989, by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
