CONCURRING STATEMENT (by J.D. Dumelle):

This case is now more than 3 years old. It should have gone to hearing and been decided in 1987.

It is not necessary in a variance that the equipment necessary to bring a facility into compliance be installed and operating. An acceptable compliance plan is all that is needed for action by this Board upon the variance if requisite hardship is shown.

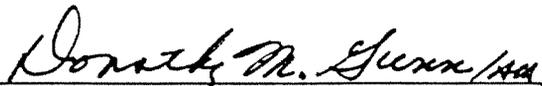

This matter has been delayed far too long for no acceptable reason. If any further delays occur this matter should be dismissed for want of prosecution by the Petitioner.

For these reasons, I concur.

Jacob D. Dumelle, P.E.
Board Member

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board certify that the above Concurring Statement was submitted on the 22nd day of August, 1990.
