ORDER OF THE BOARD (by J.D. Dumelle):

On October 9, 1987, Natural Gas Pipeline Company of America ("Natural Gas") filed a petition for hearing concerning permit denial for an underground injection well along with a general waiver of decision deadline. On November 15, 1988, a Hearing Officer Order was entered with the Board stating that the parties have reached a settlement through which a permit would be issued. The Order continued the matter generally, pending the formalizing of the settlement, and a filing of a motion to dismiss by Natural Gas. More than a year-and-a-half has elapsed since that date.

The Board has been advised by the Hearing Officer that the parties are still close to formalizing the settlement and that the parties will consult by phone with the Hearing Officer with regard to status of settlement in September, 1990. The Board directs the parties to submit a status report no later than October 1, 1990. If this case is not settled by that date, the Board will consider ordering it to hearing or dismissing it for want of prosecution.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 7th day of June, 1990, by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
