Order of the Board (by J.D. Dumelle):

This matter comes before the Board upon an April 2, 1990, request for extension of variance for the Scott Air Force Base Waste Water Treatment Plant. Scott Air Force Base ("SAFB") notes that a previous extension was granted by the Board on January 11, 1990, to and until February 28, 1990. SAFB states that it has experienced further problems with the construction progress on the Waste Water Treatment Plant and requests that it be allowed to operate under the variance conditions until April 30, 1990.

The Board is unable to determine whether the Illinois Environmental Protection Agency ("Agency") has been served with a copy of this request. The Board construes this request as a motion for extension of variance. Before ruling on the motion, however, the Board requests a response from the Agency. So that the Board can decide the matter at its next meeting on April 26, 1990, the Board requests that the Agency file its response on or before April 24, 1990.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 12th day of April, 1990, by a vote of 7-0.

Dorothy M. Gunn, Clerk.
