ORDER OF THE BOARD (by J.D. Dumelle):

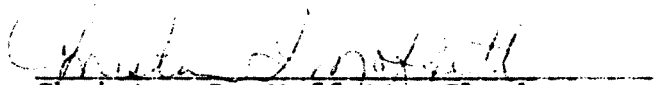

This matter comes before the Board upon the January 12, 1983 receipt of an amended petition filed by Lewis University in response to a more information order entered by the Board on December 16, 1983.

The amended petition still does not fulfill the requirements of Sections 104.121(a) and (k) or 104.124 of the Procedural Rules. The length of the requested variance has not been specified, the cost of compliance (e.g. what the hiring of a properly certified operator would cost) is lacking as is the impact upon the University of that cost, and hearing has been neither requested nor waived. The Board also notes that if hearing is to be waived such waiver must be accompanied by an affidavit in support of the material facts alleged and that more complete information concerning hardship in general would be useful.

Unless Lewis University files an amended petition curing the above-noted defects within 45 days of the date of this Order, the petition will be subject to dismissal.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 13<sup>th</sup> day of January, 1983 by a vote of 5-0.

  
Christan L. Moffett, Clerk
