ORDER OF THE BOARD (by J.D. Dumelle):

On July 30, 1987, Pfizer Pigments, Inc. filed a Petition for Extension of Variance. On August 6, 1987, the Board found the petition deficient and granted leave to Pfizer to file an amended petitioner within 45 days. Pfizer filed an amended petition on September 14, 1987. The Board notes that Pfizer amended the original petition to delete the incorporation by reference of the record from the prior proceeding but failed to include information that may have been in that record that is necessary to perfect the amended petition. The Board therefore finds that this amended petition is deficient in that it fails to include:

- (1) estimated costs for each phase of the control program from initiation of design to program completion and the total cost to achieve compliance, pursuant to 35 Ill. Adm. Code 104.121(f); and
- (2) an indication as to whether the Board may grant the relief requested consistent with federal law, pursuant to 35 Ill. Adm. Code 104.122(b).

Unless an amended petition is filed within 45 days of the date of this Order, curing the above-noted defects, this matter will be subject to dismissal.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 17th day of September, 1987 by a vote of 6-0.
